### CHIEF'S PREFACE

Our dedicated law enforcement professionals constantly face challenges in an everchanging world. We must accept and abide by our Law Enforcement Code of Ethics which is consistent with the rule of law that we are sworn to uphold. This includes practicing propriety and discretion in our personal lives which reflects favorably of ourselves, the Covina Police Department and the profession of policing.

Our values of **Honor – Integrity – Service** are the core fibers of our professional standards in policing Covina. We incorporate these values with our mission of ***Protecting Our Community Through Responsible Policing and the Relentless Pursuit of Crime*** so that our employees have a clear understanding of our expectations.

As problem-solvers, we are confronted with a variety of demands, changing laws and complex situations. The following are established to provide guidelines, policy and directions to assist our employees in the performance of their duties. We recognize there is no comprehensive policy manual which can embrace all possible situations in life. Some matters must necessarily rely upon discretion and sound judgment of the individual employee using these policies as guidelines. The policies are also a living framework, to be updated according to law and best practices in policing.

Each employee plays an essential role in our success as public safety services provider. Let us remind ourselves how our actions impact the lives of others, and continue to build strong professional relationships within the community for a better Covina.

David Povero

### **LAW ENFORCEMENT CODE OF ETHICS**

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

### 203.1 PURPOSE AND SCOPE

Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. ## Electronic Mail

### **204.1 PURPOSE AND SCOPE**

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

### **204.2 EMAIL RIGHT OF PRIVACY**

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

### **204.3 PROHIBITED USE OF EMAIL**

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

### **204.4 EMAIL RECORD MANAGEMENT**

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Electronic Mail*

---

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

#### **204.5 MANAGEMENT OF EMAIL**

Because the e-mail system is not designed for long-term retention of messages, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database. Users of e-mail are solely responsible for the management of their mailboxes. Messages should be purged manually by the user at least once annually. Messages may be deleted at regular intervals from the server computer, as determined by City of Covina I.T. Policy

##### **204.5.1 REQUIRED REVIEW OF EMAIL**

Electronic mailboxes are issued to full-time, part-time, and volunteer employees of the Covina Police Department. Email communications is a fundamental method whereby important information and updates are relayed to staff.

All full-time and part-time employees are required to monitor their assigned email for messages and respond appropriately to the sender within a reasonable amount of time if a response is required or encouraged, provided they are not on approved time off. Employees shall not filter their email that automatically sends specific messages to either a "junk" or "spam" file unless it is from an identified advertisement or other similar entity.

Employees are required to check their email at least once per shift, but are not required to check when on approved time off or their regularly scheduled weekend unless directed to do so by a supervisor. Emails from supervisors that require a "read receipt" shall be marked accordingly and sent without unnecessary delay.

## **Administrative Communications**

### **205.1 PURPOSE AND SCOPE**

Administrative communications of this department are governed by the following policies.

### **205.2 MEMORANDUMS**

Memorandums may be issued periodically by the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

### **205.3 CORRESPONDENCE**

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Personnel should use Department letterhead only for official business and with approval of their supervisor.

### **205.4 SURVEYS**

All surveys made in the name of the Department shall be authorized by the Chief of Police.

## Staffing Levels

### **206.1 PURPOSE AND SCOPE**

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

### **206.2 MINIMUM STAFFING LEVELS**

Minimum staffing levels should result in the scheduling of at least two regular supervisors on duty whenever possible. Watch Commanders will ensure that at least one field supervisor is deployed during each watch, in addition to the Watch Commander except as follows:

0200-1200 - 7 days a week

1200-1600 - Saturday and Sunday

#### **206.2.1 SUPERVISION DEPLOYMENTS**

### 208.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Covina Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) and California law (18 USC § 926C; Penal Code § 25455).

### 208.2 POLICY

It is the policy of the Covina Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

### 208.3 LEOSA

The Chief of Police may issue an identification card for LEOSA purposes to any qualified former officer of this department who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this department as an officer.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.
- (c) Has not been disqualified for reasons related to mental health.
- (d) Has not entered into an agreement with this department where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

#### 208.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Covina Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

#### 208.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:
  - 1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
  - (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
  - (c) Not prohibited by federal law from receiving a firearm.
  - (d) Not in a location prohibited by California law or by a private person or entity on his/her property if such prohibition is permitted by California law.

#### **208.4 CALIFORNIA IDENTIFICATION CARD ISSUANCE**

Any full-time sworn officer of this department who was authorized to, and did, carry a concealed firearm during the course and scope of his/her employment shall be issued an identification card with a Carrying Concealed Weapon endorsement, "CCW Approved," upon honorable retirement (Penal Code § 25455).

- (a) For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement. It shall not include any officer who retires in lieu of termination.
- (b) No CCW Approved endorsement shall be issued to any officer retiring because of a psychological disability (Penal Code § 26305).

##### **208.4.1 CALIFORNIA IDENTIFICATION CARD FORMAT**

The identification card issued to any qualified and honorably retired officer shall be 2 inches by 3 inches, and minimally contain (Penal Code § 25460):

- (a) A photograph of the retiree.
- (b) The retiree's name and date of birth.
- (c) The date of retirement.
- (d) The name and address of this department.
- (e) A stamped CCW Approved endorsement along with the date by which the endorsement must be renewed (not more than one year). If a CCW endorsement has been denied or revoked, the identification card shall be stamped "No CCW Privilege."

##### **208.4.2 QUALIFIED RETIREES FROM INCORPORATED JURISDICTION**

The Covina Police Department shall provide an identification card with a CCW Approved endorsement to honorably retired peace officers from any jurisdiction that this department now serves under the following conditions (Penal Code § 25905):

- (b) This department is in possession of the retiree's complete personnel record or can verify the retiree's honorably retired status.
- (c) The retiree is in compliance with all of the requirements of this department for the issuance of a CCW Approved endorsement.

#### 208.4.3 QUALIFIED RETIRED RESERVES

Qualified retired reserve officers who meet the department requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

#### **208.5 FORMER OFFICER RESPONSIBILITIES**

A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

##### 208.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.
- (b) Remain subject to all applicable department policies and federal, state and local laws.

In order to maintain a CCW Approved endorsement on an identification card issued under California law, the retired officer shall (Penal Code § 26305):

- (a) Qualify annually with the authorized firearm at a course approved by this department at the retired officer's expense.
- (b) Remain subject to all applicable department policies and federal, state and local laws.
- (c) Not engage in conduct that compromises public safety.
- (d) Only be authorized to carry a concealed firearm inspected and approved by the Department.

#### **208.6 DENIAL, SUSPENSION, OR REVOCATION OF A LEOSA IDENTIFICATION CARD**

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended, or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

#### **208.7 DENIAL, SUSPENSION, OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD**

A CCW endorsement for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety (Penal Code § 25470).

- (a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.
- (b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree's last known address (Penal Code § 26315).
  1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
  2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
  3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.
- (c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization, and one selected jointly (Penal Code § 26320).
  1. The decision of such hearing board shall be binding on the Department and the retiree.
  2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped "No CCW Privilege."
- (d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.
  1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
  2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
  - (a) The retiree's CCW endorsement is immediately and temporarily suspended.
  - (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
  - (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

#### **208.8 FIREARM QUALIFICATIONS**

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

# **Standardized Emergency Management System (SEMS) / National Incident Management System (NIMS) / Incident Command System (ICS) / Emergency Operations Center (EOC) Activation**

## **209.1 PURPOSE AND SCOPE**

The Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) are designed to provide a comprehensive approach to incident management that is applicable to all jurisdictional levels and across functional disciplines. Both of these systems use the Incident Command System (ICS) as a key component.

## **209.2 POLICY**

ICS is a standardized on-scene emergency management system designed for meeting the demands of a small or large emergency or non-emergency situation. It represents best practices and has become the standard for emergency management across the country. It can be expanded or contracted to meet the needs of the incident and it should be used for planned events, natural disasters, and acts of terrorism. Both SEMS and NIMS have been formally adopted as standards for incident management in the City of Covina on a case-by-case basis.

## **209.3 SYSTEM ACTIVATION PROTOCOL**

Use of ICS is required during any multi-jurisdictional and/or multi-functional (i.e. law and fire) incident that could potentially become a local, state, or federal disaster. The use of ICS is encouraged whenever it will assist in the orderly and professional management of personnel and resources during a planned or unplanned event.

The materials necessary to implement ICS (vests, forms, checklists, etc.) are located in the Emergency operations Center.

## **209.4 EOC ACTIVATION**

The City of Covina Emergency Operations Center (EOC) is located at the City of Covina Public Works, located at 534 N Barranca. Instructions for assembling the EOC are located in a binder on the wall as you enter the room. Should the primary EOC become uninhabitable, an alternate EOC is located at the Senior Center at 735 N Barranca.

The EOC's purpose is to coordinate the overall City response and support for an emergency event. There are three levels of EOC activation:

1. Level III – Monitoring (Decentralized Coordination and Direction)
  - (a) A minor to moderate incident characterized by adequate local response capability and sufficient resources to favorably resolve the situation. A local emergency may or may not be proclaimed. The EOC will be staffed minimally and activities will typically be limited to information gathering and very few requests coming in from the field or Department Operation Centers (DOC).

### Covina PD Policy Manual

#### *Standardized Emergency Management System (SEMS) / National Incident Management System (NIMS) / Incident Command System (ICS) / Emergency Operations Center (EOC) Activation*

---

- (a) A moderate to severe emergency characterized by a possible need for mutual aid to ensure a favorable resolution of the situation. In most cases, a local emergency will be proclaimed. A state of emergency may be proclaimed by the Governor. Activation of the EOC may occur. Activation of one or more DOCs may occur. EOC is staffed with a Section Chief for each of the five sections. Additional positions will be staffed based upon the needs of the incident.
3. Level I – Full Activation (Centralized Coordination and Direction)
  - (a) A major disaster exemplified by depletion of resources and mutual aid response capability area wide, necessitating extensive Statewide and Federal assistance. Generally, a local emergency and state of emergency will be proclaimed. A Presidential Declaration of major disaster or emergency will likely be requested. EOC is staffed with all pre-identified positions and possibly more, as driven by the needs of the incident.

Pursuant to the City of Covina Emergency Operations Plan, the decision to activate the EOC lies with the City Manager or other designees including: Assistant City Manager, Chief of Police, Police Captain, or Police Watch Commander. If it becomes necessary to activate the EOC, the City of Covina Emergency Management Team will be activated to assist with the necessary set-up. If these staff members are not readily available, the Police Watch Commander may designate any appropriate staff to set-up the EOC based on previously established procedures.

## **Chapter 3 - General Operations**

## Use of Force

### 300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

#### 300.1.1 DEFINITIONS

Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

**Serious bodily injury** - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

**Totality of the circumstances** - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

### 300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Use of Force*

---

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

##### **300.2.1 DUTY TO INTERCEDE**

Any officer present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable officer under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

##### **300.2.2 FAIR AND UNBIASED USE OF FORCE**

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

##### **300.2.3 DUTY TO REPORT EXCESSIVE FORCE**

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

##### **300.2.4 FAILURE TO INTERCEDE**

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

#### **300.3 USE OF FORCE**

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Use of Force*

---

the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

#### 300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

#### 300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time (Penal Code § 835a).
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Use of Force*

---

- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

#### 300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

#### 300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Officers of this department are not authorized to use a carotid restraint hold. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Use of Force*

---

##### 300.3.5 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

##### 300.3.6 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Covina Police Department for this specific purpose.

##### 300.3.7 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

##### 300.3.8 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, officers

#### *Use of Force*

---

should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

#### **300.4 DEADLY FORCE APPLICATIONS**

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) An officer may use deadly force to protect themselves or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- (b) An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

Additionally, an officer should not use deadly force against a person whose actions are a threat solely to property.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

##### **300.4.1 SHOOTING AT OR FROM MOVING VEHICLES**

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means

---

available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

#### 300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

#### **300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

#### 300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

#### **300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE**

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau Policy.

#### **300.5.3 REPORT RESTRICTIONS**

Officers shall not use the term "excited delirium" to describe an individual in an incident report. Officers may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as "excited delirium" (Health and Safety Code § 24402).

#### **300.6 MEDICAL CONSIDERATIONS**

Once it is reasonably safe to do so, properly trained officers should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

See the Medical Aid and Response Policy for additional guidelines.

#### **300.7 SUPERVISOR RESPONSIBILITY**

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
  1. The content of the interview should not be summarized or included in any related criminal charges.
  2. The fact that a recorded interview was conducted should be documented in an administrative report.
  3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired, and should be routed to the Captain via chain of command along with the inter-office memorandum.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
  1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

#### **300.7.1 WATCH COMMANDER RESPONSIBILITY**

The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy.

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intercede.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).
- (g) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to officers who are the subject of a sustained use of force complaint.

#### **300.8.2 STATE-SPECIFIC TRAINING REQUIREMENTS**

Required state-specific training shall include guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities (Government Code § 7286(b)).

### **300.9 USE OF FORCE COMPLAINTS**

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

### **300.10 POLICY REVIEW**

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

### **300.12 PUBLIC RECORDS REQUESTS**

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

## Handcuffing and Restraints

### 301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

### 301.2 POLICY

The Covina Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

### 301.3 USE OF RESTRAINTS

Only members who have successfully completed Covina Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

#### 301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

#### 301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

---

determination that such restraints are necessary for the safety of the arrestee, officers, or others (Penal Code § 3407; Penal Code § 6030).

#### 301.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer, or damage property.

#### 301.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

#### **301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS**

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

#### **301.5 APPLICATION OF SPIT HOODS**

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing

---

or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

#### **301.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

#### **301.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

##### **301.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS**

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Handcuffing and Restraints*

---

- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

#### **301.8 REQUIRED DOCUMENTATION**

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

#### **301.9 TRAINING**

Subject to available resources, the Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

## Control Devices and Techniques

### 302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

### 302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Covina Police Department authorizes designated personnel to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

### 302.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by designated personnel only if the device has been issued by the Department and approved by the Chief of Police or the authorized designee.

Only designated personnel who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Sworn Officers may use control devices when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

Designated personnel (Non-Sworn) may use personal use oleoresin capicum (OC) aerosol to protect themselves during the course of their duties. When reasonable, a verbal warning and opportunity to desist should precede the use of this device. If the device is used by Non-Sworn personnel, Officers should be summoned to assist.

### 302.4 RESPONSIBILITIES

#### 302.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by designated personnel who have successfully completed the required training.

#### 302.4.2 RANGE STAFF/ ARREST CONTROL TACTICS (ACT) STAFF RESPONSIBILITIES

The Range Staff or ACT Staff (based on type of equipment) shall control the inventory and issuance of all control devices and shall ensure that damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Range Staff or ACT Staff when applicable. The inspection shall be documented.

# Covina Police Department

### Covina PD Policy Manual

#### *Control Devices and Techniques*

---

##### **302.4.3 USER RESPONSIBILITIES**

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Range Staff or ACT Staff for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

##### **302.5 BATON GUIDELINES**

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

##### **302.6 TEAR GAS GUIDELINES**

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

##### **302.7 OLEORESIN CAPSICUM (OC) GUIDELINES**

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers, designated personnel or the public.

###### **302.7.1 OC SPRAY**

Uniformed personnel (Sworn and Non-Sworn) carrying OC spray shall carry the device in its authorized holster on the equipment belt. Plainclothes and non-field Sworn personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

###### **302.7.2 PEPPER PROJECTILE SYSTEMS**

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Control Devices and Techniques*

---

impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

#### **302.7.3 TREATMENT FOR OC SPRAY EXPOSURE**

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

#### **302.8 POST-APPLICATION NOTICE**

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

#### **302.9 KINETIC ENERGY PROJECTILE GUIDELINES**

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

##### **302.9.1 DEPLOYMENT AND USE**

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Control Devices and Techniques*

---

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

#### 302.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

#### 302.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Control Devices and Techniques*

---

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

#### **302.10 TRAINING FOR CONTROL DEVICES**

The Training Sergeant shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

#### **302.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES**

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

## Conducted Energy Device

### 303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER devices.

### 303.2 POLICY

The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

### 303.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicles.

Members carrying the TASER device should perform a spark test prior to every shift.

Officers who carry the TASER device while in uniform shall carry it in a weak-side holster on the side opposite the duty weapon (Penal Code § 13660).

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.
- (c) Officers shall be responsible for ensuring that the issued TASER device is properly maintained and in good working order.
- (d) Officers should not hold a firearm and the TASER device at the same time.

#### 303.3.1 MALFUNCTIONING TASERS

When any officer learns of a nonfunctioning or malfunctioning TASER, cartridge, or holster, the officer shall cause the defective equipment to be placed in the marked repair storage box located in the Covina Police Department's upstairs armory. Prior to placing the unit in the repair box the officer shall complete a Covina Police Department Request for Repairs and Supplies Form which will state the officer's name and employee number, the problem with the unit, cartridge or holster, any contributing factors which might have led to the problem, the TASER, cartridge or holster serial number, and the date and time the TASER, cartridge or holster was placed inside the repair box. Less-lethal staff will be responsible for processing the defective equipment for repair or replacement.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Conducted Energy Device*

---

#### **303.4 VERBAL AND VISUAL WARNINGS**

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the TASER device may be deployed.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

#### **303.5 USE OF THE TASER DEVICE**

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

##### **303.5.1 APPLICATION OF THE TASER DEVICE**

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

##### **303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS**

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Conducted Energy Device*

---

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

#### 303.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

#### 303.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

#### 303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.

---

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

#### 303.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

#### 303.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department TASER devices while off-duty. This does not include K-9 handlers driving to and from work in uniform.

### **303.6 DOCUMENTATION**

Officers shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

#### 303.6.1 TASER DEVICE FORM

Items that shall be included in the TASER device report form are:

- (a) The type and brand of TASER device and serial number.
- (b) Date, time and location of the incident.
- (c) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (d) The range at which the TASER device was used.
- (e) The type of mode used (probe or drive-stun).
- (f) Location of any probe impact.
- (g) Location of contact in drive-stun mode.
- (h) Description of where missed probes went.
- (i) Whether medical care was provided to the subject.
- (j) Whether the subject sustained any injuries.
- (k) Whether any officers sustained any injuries.

#### 303.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions

#### *Conducted Energy Device*

---

- (e) Any known or suspected drug use, intoxication or other medical problems

#### **303.7 MEDICAL TREATMENT**

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person's body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

#### **303.8 SUPERVISOR RESPONSIBILITIES**

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

#### **303.9 TRAINING**

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not

carried the TASER device as a part of their assignment for a period of six months or more shall be re-certified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Sergeant. All training and proficiency for TASER devices will be documented in the officer's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Sergeant is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Sergeant should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

## Officer-Involved Shootings and Deaths

### 304.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

### 304.2 POLICY

The policy of the Covina Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

### 304.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

### 304.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

#### 304.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Covina Police Department would control the investigation if the suspect's crime occurred in Covina.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

### Covina PD Policy Manual

#### *Officer-Involved Shootings and Deaths*

---

##### **304.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS**

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

##### **304.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION**

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

#### **304.5 INVESTIGATION PROCESS**

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

##### **304.5.1 UNINVOLVED OFFICER RESPONSIBILITIES**

Upon arrival at the scene of an officer-involved shooting, the first uninvolved CPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

##### **304.5.2 SUPERVISOR RESPONSIBILITIES**

Upon arrival at the scene, the first uninvolved CPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
  1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any CPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
  1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

#### *Officer-Involved Shootings and Deaths*

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.
  - (d) Take command of and secure the incident scene with additional CPD members until properly relieved by another supervisor or other assigned personnel or investigator.
  - (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
    1. Each involved CPD officer should be given an administrative order not to discuss the incident with other involved officers or CPD members pending further direction from a supervisor.
    2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

#### 304.5.3 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

#### 304.5.4 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

- Chief of Police
- Investigation Division Commander
- OIS Protocol rollout team
- Outside agency investigator (if appropriate)
- Professional Standards supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

#### 304.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

#### *Officer-Involved Shootings and Deaths*

---

- (a) Any request for legal or union representation will be accommodated.
  - 1. Involved CPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
  - 2. Requests from involved non-CPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).
- (d) A licensed psychotherapist shall be provided by the Department to each involved CPD officer. A licensed psychotherapist may also be provided to any other affected CPD members, upon request.
  - 1. Interviews with a licensed psychotherapist will be considered privileged.
  - 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
  - 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer (Government Code § 8669.4).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved CPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

#### **304.5.6 NOTIFICATION TO DEPARTMENT OF JUSTICE**

The California Department of Justice (DOJ) is required to investigate an officer-involved shooting resulting in the death of an unarmed civilian. The Watch Commander should promptly notify the DOJ in all incidents involving an officer-involved shooting resulting in the death of an unarmed civilian, including where it is undetermined if the civilian was unarmed.

For purposes of notification, "unarmed civilian" means anyone who is not in possession of a deadly weapon (Government Code § 12525.3).

#### **304.6 CRIMINAL INVESTIGATION**

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

#### *Officer-Involved Shootings and Deaths*

---

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) CPD supervisors and Professional Standards personnel should not participate directly in any voluntary interview of CPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

#### 304.6.1 REPORTS BY INVOLVED CPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved CPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved CPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved CPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

##### **304.6.2 INVESTIGATIVE PERSONNEL**

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

##### **304.6.2 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
  - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

##### **304.7 ADMINISTRATIVE INVESTIGATION**

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of CPD officers to determine

conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
  1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
  1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
  2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
  3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
  4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
  5. The Professional Standards shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
  6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

#### **304.8 CIVIL LIABILITY RESPONSE**

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

#### **304.9 AUDIO AND VIDEO RECORDINGS**

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

#### **304.10 DEBRIEFING**

Following an officer-involved shooting or death, the Covina Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

##### **304.10.1 CRITICAL INCIDENT/STRESS DEBRIEFING**

A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other professional staff personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards personnel.

##### **304.10.2 TACTICAL DEBRIEFING**

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

##### **304.11 MEDIA RELATIONS**

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved CPD officer to visits by the media (Government Code § 3303(e)). No involved CPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

##### **304.12 REPORTING**

If the death of an individual occurs in the Covina Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Division Commander will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).

## Firearms

### 305.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

### 305.2 POLICY

The Covina Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. ### 305.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including but not limited to edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

##### 305.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the Colt AR-15 .223 caliber.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include but are not limited to:

- (a) Situations where the member reasonably anticipates an armed encounter.
- (b) When a member is faced with a situation that may require accurate and effective fire at long range.
- (c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.
- (e) When a member reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle.

##### 305.3.4 AUTHORIZED SECONDARY HANDGUN

Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order and on the department list of approved firearms.
- (b) Only one secondary handgun may be carried at a time.
- (c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.
- (g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.

- (h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

#### **305.3.5 AUTHORIZED OFF-DUTY FIREARMS**

The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave).

- (a) The member may use his/her duty firearm or may use a personally owned firearm.
  - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.
- (c) When armed, officers shall carry their badges and Covina Police Department identification cards under circumstances requiring possession of such identification.

#### **305.3.6 AMMUNITION**

Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

#### **305.4 EQUIPMENT**

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

##### **305.4.1 REPAIRS OR MODIFICATIONS**

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

##### **305.4.2 HOLSTERS**

Only department-approved holsters shall be used and worn by members on-duty. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

##### **305.4.3 TACTICAL LIGHTS**

Tactical lights may only be installed on a department issued firearm after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

##### **305.4.4 PISTOL MOUNTED OPTICS (PMO) AND RELATED EQUIPMENT**

Pistol Mounted Optics (PMO) may only be installed on a Department issued firearm or approved firearm upon approval of the Rangemaster. Only an approved PMO and related equipment shall be installed on these firearms in strict accordance with manufacturer specifications. Use of a PMO on these firearms will be allowed upon successful completion of approved training after approval of the Rangemaster.

Officers interested in transitioning to a PMO must express their interest through Inter-Office Memorandum to the Rangemaster. Upon approval, an Officer will be responsible for the initial purchase of the PMO and related equipment. Any firearm equipped with a PMO must also be equipped with a suitable secondary traditional iron sight system.

Maintenance, specifically replacement of a PMO battery or a defective PMO (including related equipment) will be at the expense of the officer. Removal of the PMO from the firearm after initial installation, including battery replacement on certain PMO models, or any other related equipment for any reason, shall be done by approved Range Staff. Inspection of a firearm equipped with a PMO with related equipment shall fall in accordance with existing Department policy.

Officers shall qualify and train on a routine basis with their firearm equipped with a PMO in accordance with existing Department policy to ensure proper functionality and sighting.

##### **305.5 SAFE HANDLING, INSPECTION AND STORAGE**

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.
- (c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.
- (d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

- (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

#### 305.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

#### 305.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

#### 305.5.3 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Officers are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

#### 305.5.4 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

#### **305.6 FIREARMS TRAINING AND QUALIFICATIONS**

All members who carry a firearm while on-duty are required to successfully complete training bi-monthly with their duty firearms. In addition to this training, all members will qualify at least annually with their duty firearms. Members will qualify with secondary firearms on-duty at least annually. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

##### **305.6.1 NON-CERTIFICATION OR NON-QUALIFICATION**

The Rangemaster will be responsible for maintaining a firearms training attendance record. If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, such reason will be recorded and forwarded through the Range/Department chain of command.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
  - 1. Unauthorized range make-up
  - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

#### **305.7 FIREARM DISCHARGE**

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall file a written report or provide a recorded statement no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

##### **305.7.1 DESTRUCTION OF ANIMALS**

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

##### **305.7.2 INJURED ANIMALS**

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

##### **305.7.3 WARNING AND OTHER SHOTS**

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots should not be used.

#### **305.8 RANGEMASTER DUTIES**

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued firearm unfit for service and it will not be returned to service until inspected and deemed operational by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

#### **305.9 FLYING WHILE ARMED**

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.
- (b) Officers must carry their Covina Police Department identification card, bearing the officer's name, a full-face photograph, identification number, the officer's signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The Covina Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer's travel. If approved, TSA will send the Covina Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer's need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the officer's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

#### **305.10 CARRYING FIREARMS OUT OF STATE**

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The officer shall carry his/her Covina Police Department identification card whenever carrying such firearm.
- (b) The officer is not the subject of any current disciplinary action.
- (c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

## Vehicle Pursuits

### 306.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects.

#### 306.1.1 DEFINITIONS

**Blocking** - A low-speed tactic where one or more authorized police department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

**Boxing-in** - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention** - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

**Pursuit Intervention Technique (PIT)** - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

**Roadblocks** - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

**Tire deflation device** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

**Terminate** - To discontinue a pursuit or stop chasing fleeing vehicles.

**Trail** - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

**Vehicle Pursuit** - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

### 306.2 POLICY

It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

## Covina PD Policy Manual

### Covina PD Policy Manual

---

### **306.3 OFFICER RESPONSIBILITIES**

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Officers are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

#### **306.3.1 WHEN TO INITIATE A PURSUIT**

Officers are authorized to initiate a pursuit when the officer reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that should be considered in deciding whether to initiate a pursuit include:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Suspect and officer vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- (k) Availability of other resources such as air support or vehicle locator or deactivation technology.

#### **306.3.2 WHEN TO TERMINATE A PURSUIT**

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the

#### *Vehicle Pursuits*

---

present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the officers, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.

#### **306.3.3 SPEED LIMITS**

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the officer.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

#### **306.4 PURSUIT UNITS**

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Vehicle Pursuits*

---

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

#### 306.4.1 MOTORCYCLE OFFICERS

When involved in a pursuit, police department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

#### 306.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit.

#### 306.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Vehicle Pursuits*

---

##### 306.4.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- (d) Identifying the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing officer once the suspect has been stopped.

##### 306.4.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- (a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
  - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
  - 2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- (c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
  - 1. Requesting assistance from available air support.
  - 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
  - 3. Request other units to observe exits available to the suspects.
- (d) Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

##### 306.4.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the

---

termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

#### 306.4.7 AIR SUPPORT ASSISTANCE

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

#### 306.4.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

### **306.5 SUPERVISORY CONTROL AND RESPONSIBILITIES**

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- (a) Immediately notifying involved unit and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.

- (h) Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- (j) Controlling and managing Covina Police Department units when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit.
  - 1. Supervisors should initiate follow up or additional review when appropriate.

#### **306.5.1 WATCH COMMANDER RESPONSIBILITIES**

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

#### **306.5.2 POST-PURSUIT VEHICLE INSPECTIONS**

In conjunction with the Vehicle Maintenance policy, sub-section on Severe Use, the Watch Commander shall be responsible for ensuring Post-Pursuit Inspection requests are completed, as necessary, for vehicles involved in a pursuit. Vehicles requiring inspections shall be removed from service until the inspection is completed.

#### **306.6 DISPATCH**

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

#### **306.6.1 DISPATCH RESPONSIBILITIES**

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved units and personnel.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notify the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

##### **306.6.2 LOSS OF PURSUED VEHICLE**

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

##### **306.7 INTER-JURISDICTIONAL CONSIDERATIONS**

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

##### **306.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Covina Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

##### **306.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION**

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Covina Police Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing officers.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

#### **306.8 WHEN PURSUIT INTERVENTION IS AUTHORIZED**

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

##### **306.8.1 USE OF FIREARMS**

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle (see the Use of Force Policy).

##### **306.8.2 INTERVENTION STANDARDS**

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking should only be used after giving consideration to the following:
  - 1. The technique should only be used by officers who have received training in the technique.
  - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
  - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT should only be used after giving consideration to the following:
  - 1. The technique should only be used by officers who have received training in the technique, including speed restrictions.
  - 2. Supervisory approval should be obtained before using the technique.

- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
1. Supervisory approval should be obtained before using the technique.
  2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
  3. It reasonably appears the technique will terminate or prevent the pursuit.
  4. Ramming may be used only under circumstances when deadly force would be authorized.
  5. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
1. The technique should only be used by officers who have received training in the technique.
  2. Supervisory approval should be obtained before using the technique.
  3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
  4. It reasonably appears the technique will terminate or prevent the pursuit.
- (e) Tire deflation devices should only be used after considering the following:
1. Tire deflation devices should only be used by officers who have received training in their use.
  2. Supervisory approval should be obtained before using tire deflation devices.
  3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
  4. It reasonably appears the use will terminate or prevent the pursuit.
  5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
  6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:

5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

#### **306.8.3 CAPTURE OF SUSPECTS**

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspects.

#### **306.9 REPORTING REQUIREMENTS**

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

- (a) The primary officer should complete appropriate crime/arrest reports.
- (b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
- (c) After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
  1. Date and time of pursuit.
  2. Initial reason and circumstances surrounding the pursuit.
  3. Length of pursuit in distance and time, including the starting and termination points.
  4. Involved units and officers.

5. Alleged offenses.
  6. Whether a suspect was apprehended, as well as the means and methods used.
  7. Any use of force that occurred during the vehicle pursuit.
    - (a) Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
  8. Any injuries and/or medical treatment.
  9. Any property or equipment damage.
  10. Name of supervisor at scene or who handled the incident.
- (d) After receiving copies of reports, logs, and other pertinent information, the Chief of Police or the authorized designee should conduct or assign the completion of a post-pursuit review.

Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

#### **306.9.1 REGULAR AND PERIODIC PURSUIT TRAINING**

The Training Sergeant shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7(d), and 11 CCR 1081, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to officers and others.

#### **306.9.2 POLICY REVIEW**

Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

#### **306.10 APPLICATION OF VEHICLE PURSUIT POLICY**

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

## Officer Response to Calls

### 307.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

### 307.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

### 307.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

#### 307.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

### 307.4 INITIATING CODE 3 RESPONSE

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify Dispatch. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, Dispatch shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

#### *Officer Response to Calls*

---

#### **307.5 RESPONSIBILITIES OF RESPONDING OFFICERS**

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

#### **307.6 COMMUNICATIONS RESPONSIBILITIES**

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3 . The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance
- (b) Immediately notify the Watch Commander
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

#### **307.7 SUPERVISORY RESPONSIBILITIES**

Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment,

the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

#### **307.8 FAILURE OF EMERGENCY EQUIPMENT**

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

## Canines

### 308.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

### 308.2 POLICY

It is the policy of the Covina Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

### 308.3 ASSIGNMENT

Canine teams should be assigned to the patrol division and deployed based on operational needs.

### 308.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

### 308.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Watch Commander.

#### 308.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Canines*

---

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is at the discretion of the Watch Commander.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

#### **308.5.2 PUBLIC DEMONSTRATION**

All public requests for a canine team shall be submitted in writing to the canine program manager, and forwarded via chain of command to the Chief of Police or his/her designee prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the approved demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator, and with prior approval of the Chief of Police or his/her designee.

#### **308.6 APPREHENSION GUIDELINES**

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

### Covina PD Policy Manual

#### *Canines*

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

#### 308.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

#### 308.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the

handler shall document in any related report how the warning was given and, if none was given, the reasons why.

#### **308.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES**

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

#### **308.7 NON-APPREHENSION GUIDELINES**

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

##### **308.7.1 ARTICLE DETECTION**

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

##### **308.7.2 NARCOTICS DETECTION**

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

##### **308.7.3 BOMB/EXPLOSIVE DETECTION**

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

#### **308.8 HANDLER SELECTION**

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- (c) A garage that can be secured and can accommodate a canine vehicle.
- (d) Agreeing to be assigned to the position for a minimum of three years.

#### **308.9 HANDLER RESPONSIBILITIES**

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Covina Police Department facility.
- (e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- (j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- (k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

#### **308.9.1 CANINE IN PUBLIC AREAS**

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.

- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

#### **308.10 HANDLER COMPENSATION**

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

#### **308.11 CANINE INJURY AND MEDICAL CARE**

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained by the department.

#### **308.12 INJURED HANDLER PROTOCOLS**

All officers shall consider the following course of action in the event that a canine handler is injured and unable to command the police canine. If the handler is downed, his/her canine in all probability will stand guard and prevent anyone from approaching.

- (a) Do not rush in on the handler or the canine.
- (b) Call to the handler. If possible, the handler can call the canine off.
- (c) If the handler does not respond, and the canine vehicle is nearby, position it close to the canine with all windows up, rear interior cage partition closed and either rear door open. Using an authoritative voice, call the canine by name and command to "auto" (get into the car). The canine should be secure and safe to transport.
- (d) Request the assistance of another canine officer immediately (if applicable/available).
- (e) The canine unit vehicle contains protective sleeves and additional leads in the trunk. If the police canine cannot be called off, the canine can be secured by allowing it to attack the protective sleeve. Once it has a grasp of the sleeve it will not let go. The canine can then be secured in the unit.
- (f) In the event a canine is also injured, request that communications contact the veterinarian and advise him/her of the emergency. Request the assistance of another canine unit to transport the police canine to the veterinarian (if applicable/available).
- (g) Non-handlers should only command the canine in emergency situations when no handler is present, and only if proper commands are known.
- (h) The police canine and handler are trained together and work together. The canine's attitude will change if the handler is hurt or in danger.

- (e) Do not feed the police canine unless previously approved by the canine handler.
- (f) Do not attempt to retrieve anything out of the canine vehicle if the police canine is inside.
- (g) Do not run away from the police canine. In the event you are bitten, do not pull away, but, remain as still as possible until the handler arrives and orders the police canine to release his hold.

#### **308.14 TRAINING**

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

##### **308.14.1 CONTINUED TRAINING**

Each canine team shall thereafter be recertified to a current POST, CNCA, or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Covina Police Department canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

##### 308.14.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

##### 308.14.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

##### 308.14.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Covina Police Department may work with outside trainers with the applicable licenses or permits.

##### 308.14.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(g)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Covina Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

##### 308.14.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

#### 308.14.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the canine team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

## Domestic Violence

### 309.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

#### 309.1.1 DEFINITIONS

Definitions related to this policy include:

**Court order** - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

### 309.2 POLICY

The Covina Police Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

### 309.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

### 309.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
  - 1. Whether the suspect lives on the premises with the victim.
  - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
  - 3. The potential financial or child custody consequences of arrest.
  - 4. The physical or emotional state of either party.
  - 5. Use of drugs or alcohol by either party.
  - 6. Denial that the abuse occurred where evidence indicates otherwise.
  - 7. A request by the victim not to arrest the suspect.
  - 8. Location of the incident (public/private).
  - 9. Speculation that the complainant may not follow through with the prosecution.
  - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
  - 11. The social status, community status, or professional position of the victim or suspect.

#### 309.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

#### *Domestic Violence*

---

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.
- (d) Provide the victim a Covina Police Department Domestic Violence handout with VINE hotline information.
- (e) Provide the victim a Marsy's Law handout.

#### **309.4.2 IF NO ARREST IS MADE**

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
  - 1. Voluntary separation of the parties.
  - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

#### **309.5 VICTIM ASSISTANCE**

Because victims may be traumatized or confused, officers should be aware that a victim's behavior and actions may be affected:

- (a) Victims should be provided with the department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complaints of pain, officers should seek medical assistance as soon as practicable.
- (e) Officers should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the officer determines that a need exists.
- (f) Officers should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, officers should seek or assist the victim in obtaining an emergency order if appropriate.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

#### **309.6 DISPATCH ASSISTANCE**

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

#### **309.7 FOREIGN COURT ORDERS**

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

#### **309.8 VERIFICATION OF COURT ORDERS**

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
  1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
  1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

#### *Domestic Violence*

---

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

#### **309.9 STANDARDS FOR ARRESTS**

Officers investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
  - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
  - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
  - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
  - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
  - 4. Penal Code § 646.9 (stalking)
  - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
  - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
  - 2. The threats creating fear of physical injury.
  - 3. The history of domestic violence between the persons involved.

4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

#### **309.10 REPORTS AND RECORDS**

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

#### **309.11 RECORD-KEEPING AND DATA COLLECTION**

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

#### **309.12 SERVICE OF COURT ORDERS**

- (a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) A temporary restraining order, emergency protective order, or an order issued after a hearing shall, at the request of the petitioner, be served on the restrained person by an officer who is present at the scene of a reported domestic violence incident or when the officer receives a request from the petitioner to provide service of the order (Family Code § 6383; Penal Code § 13710).

- (c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
  - 1. An officer should ensure that the Records Bureau is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the Records Bureau Policy for additional guidance).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

#### **309.13 PUBLIC ACCESS TO POLICY**

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

#### **309.14 DECLARATION IN SUPPORT OF BAIL INCREASE**

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

## Search and Seizure

### 310.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Covina Police Department personnel to consider when dealing with search and seizure issues.

### 310.2 POLICY

It is the policy of the Covina Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

### 310.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

#### **310.4 SEARCH PROTOCOL**

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
  1. Another officer or a supervisor should witness the search.
  2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

#### **310.5 DOCUMENTATION**

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

## Temporary Custody of Juveniles

### 311.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Covina Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

#### 311.1.1 DEFINITIONS

Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

#### **311.2 POLICY**

The Covina Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Covina Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

#### **311.3 JUVENILES WHO SHOULD NOT BE HELD**

Juveniles who exhibit any of the following conditions should not be held at the Covina Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Covina Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

#### **311.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY**

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

#### **311.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY**

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

#### **311.4 CUSTODY OF JUVENILES**

Officers should take custody of a juvenile and temporarily hold the juvenile at the Covina Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Covina Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Covina Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

#### **311.4.1 CUSTODY OF JUVENILE NON-OFFENDERS**

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Covina Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

##### 311.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

##### 311.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Covina Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

##### **311.5 ADVISEMENTS**

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

##### **311.6 JUVENILE CUSTODY LOGS**

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- (a) Identifying information about the juvenile.
- (b) Date and time of arrival and release from the Covina Police Department (15 CCR 1150).
- (c) Watch Commander notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- (e) Any changes in status (e.g., emergency situations, unusual incidents).
- (f) Time of all safety checks.
- (g) Any medical and other screening requested and completed (15 CCR 1142).
- (h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
- (i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

##### **311.7 NO-CONTACT REQUIREMENTS**

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Covina Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

##### **311.8 TEMPORARY CUSTODY REQUIREMENTS**

Members and supervisors assigned to monitor or process any juvenile at the Covina Police Department shall ensure the following:

#### **311.9 RELIGIOUS ACCOMMODATION**

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

#### **311.10 USE OF RESTRAINT DEVICES**

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Covina Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

monitored or secure location until the juvenile is released from the custody of the Covina Police Department.

#### **311.12 SECURE CUSTODY**

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

#### **311.12.1 LOCKED ENCLOSURES**

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members (15 CCR 1147).

- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
  - 1. All safety checks shall be logged.
  - 2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
  - 3. Requests or concerns of the juvenile should be logged.
- (e) Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

#### **311.13 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE**

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Covina Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police via chain of command, and Investigation Division Supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City attorney.
- (e) Notification to the coroner.
- (f) Notification of the juvenile court.
- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

#### **311.14 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS**

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone,

or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

#### 311.14.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Watch Commander or the Detective Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

##### **311.16 RELEASE OF INFORMATION CONCERNING JUVENILES**

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Covina Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

##### **311.17 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION**

The Patrol Division Commander shall coordinate the procedures related to the custody of juveniles held at the Covina Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

## Senior and Disability Victimization

### 312.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Covina Police Department members as required by law (Penal Code § 368.6).

The Covina Police Department is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

Neglect includes self-neglect (Welfare and Institutions Code § 15610.05 et seq.; Penal Code § 368.5).

This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

- (a) Elder and dependent adult abuse
- (b) Unlawful interference with a mandated report

It is the department policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

##### **312.2.2 ADHERENCE TO POLICY**

All officers are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves an officer's deviation from this policy shall provide a written report to the Chief of Police that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

#### **312.3 INVESTIGATIONS AND REPORTING**

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an

autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

#### **312.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS**

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

#### **312.4 QUALIFIED INVESTIGATORS**

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
  - (b) Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
  - (c) Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
  - (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
  - (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).

2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

- (g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

#### **312.6 PROTECTIVE CUSTODY**

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

##### **312.6.1 EMERGENCY PROTECTIVE ORDERS**

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

##### **312.6.2 VERIFICATION OF PROTECTIVE ORDER**

Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

- (a) Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.

- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

### **312.7 INTERVIEWS**

#### **312.7.1 PRELIMINARY INTERVIEWS**

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

#### **312.7.2 DETAINING VICTIMS FOR INTERVIEWS**

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
  - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
  - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

#### **312.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS**

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

### **312.8 MEDICAL EXAMINATIONS**

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

### **312.9 DRUG-ENDANGERED VICTIMS**

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the adult.

### **312.10 RECORDS BUREAU RESPONSIBILITIES**

The Records Bureau is responsible for:

- (a) Providing a copy of the elder or dependent adult abuse report to the APS, ombudsman, or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).
- (b) Retaining the original elder or dependent adult abuse report with the initial case file.

### **312.11 JURISDICTION**

The Covina Police Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal

## Discriminatory Harassment

### 313.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

### 313.2 POLICY

The Covina Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

### 313.3 DEFINITIONS

Definitions related to this policy include:

#### 313.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

##### **313.3.2 RETALIATION**

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

##### **313.3.3 SEXUAL HARASSMENT**

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

##### **313.3.4 ADDITIONAL CONSIDERATIONS**

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

#### **313.4 RESPONSIBILITIES**

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Director, or the City Manager.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

#### 313.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel Director, the City Manager, or the California Civil Rights Department for further information, direction, or clarification (Government Code § 12950).

#### 313.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

#### 313.4.3 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

#### **313.5 INVESTIGATION OF COMPLAINTS**

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate

any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

##### **313.5.1 SUPERVISOR RESOLUTION**

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

##### **313.5.2 FORMAL INVESTIGATION**

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Personnel Director, or the City Manager.

##### **313.5.3 ALTERNATIVE COMPLAINT PROCESS**

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

##### **313.6 DOCUMENTATION OF COMPLAINTS**

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- (a) Approved by the Chief of Police, the City Manager, or the Personnel Director, depending on the ranks of the involved parties.

#### **313.8 TRAINING**

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

### **313.9 REQUIRED POSTERS**

The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).

## Child Abuse

### 314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Covina Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

#### 314.1.1 DEFINITIONS

Definitions related to this policy include:

**Child** - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

**Child abuse** - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

### 314.2 POLICY

The Covina Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

### 314.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

#### *Child Abuse*

---

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

#### 314.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

#### 314.4 ELECTRONIC SUSPECTED CHILD ABUSE REPORTING SYSTEM (ESCARS)

ESCARS provides electronic oversight of current and past suspected child abuse investigations. The system also ensures that the responsible agency is notified in a timely manner, so the allegations are investigated as quickly as possible. With this notification system, once a DCFS referral is made, DCFS will send an ESCARS notification (e-mail) to the appropriate agency where they believe the suspected child abuse is occurring. The handling agency will then review the allegations accordingly and take the appropriate enforcement action. Once the allegation has been investigated, the ESCARS database will be updated by the Watch Commander.

The on-duty Watch Commander at the time the ESCARS notification is received will ultimately be responsible for the review and evaluation of the notification.

#### 314.4.1 WATCH COMMANDER RESPONSIBILITIES

When an ESCARS email notification is received, it will be the On-Duty Watch Commander's responsibility to review the provided information and determine the appropriate response by Patrol. The Watch Commander will also be responsible for updating the ESCARS database.

- (a) Immediate response - SCARs labeled by DCFS as an Immediate Response (IR) will require an immediate investigation by patrol officers.
- (b) 5-Day / Evaluated Out Responses - SCARs labeled by DCFS as "5-Day" responses or "Evaluated Out" will be investigated by the Patrol Division as soon as practical at the direction of Watch Commander. It may be impractical to conduct some during graveyard hours. It will be the Watch Commander's responsibility to ensure investigations of this nature are handed off to the next shift for investigation.
- (c) Unable to contact - The Patrol Division will make every effort to handle all ESCARS investigations. When officers are unable to make contact with the involved parties during their shift, the investigation will be placed back into the pending calls list to be handled by the next shift.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Child Abuse*

---

- (d) Investigations outside of the city - Some investigations will require officers to contact victim or witnesses outside of the city. When it is determined that the involved parties cannot be located in Covina, the Watch Commander will determine if a patrol officer will conduct follow-up in a neighboring city. The seriousness of the allegation, the availability of patrol resources, and officer safety issues must be considered.
- (e) General neglect / Emotional Abuse - SCARs which involve allegations of general neglect or emotional abuse will not generally be investigated by this Department. A review of these referrals will be made by the Watch Commander who may choose to investigate these complaints to ensure the immediate safety of the involved parties.

#### 314.4.2 ESCARS SUPERVISION

A Patrol Lieutenant and Patrol Sergeant will be responsible for the administrative duties associated with the ESCARS system. This will include audits, system users and system passwords. The ESCARS Sergeant will ensure the database has been updated weekly and all investigations have been addressed.

#### 314.4.3 REPORTING OFFICER

When officers generate a SCAR based on their observations or information not referred through DCFS, the information will be cross reported. Reporting officers will obtain all the necessary information currently needed including victim, siblings and suspect information. The officer will then telephone the DCFS hotline at (213) 639-4500 and advise the DCFS operator of the circumstances of the call. The DCFS operator will enter the information into the established database and will provide the DCFS referral number to the officer. The officer will include this DCFS referral number and the name of the operator into an associated report or notify a Covina Dispatcher to ensure that the DCFS referral number and DCFS operator name is included in the CAD log for the call. There will be no paperwork completed by the officer when there is only a DCFS referral made; however, the officer must ensure the log information contains the DCFS referral number provided by the DCFS operator.

When an officer is assigned the investigation of SCAR generated by DCFS, a copy of the "SCAR Image" will be printed and reviewed. The officer will conduct his/her investigation and complete an ESCARS cover sheet and include the incident number for scanning the documents into the records management system. Any notes made by the investigating officer will be included on the form.

When an officer is unable to contact the involved parties, he/she will ensure the Watch Commander is notified and the call is placed back into pending by Dispatch.

When the handling officer determines a crime has been committed, it will be handled like any other criminal investigation following Department policies and procedures.

#### 314.4.4 DISPATCHER

Dispatchers will ensure the DCFS referral number and operator name is included in the call log when it is provided by a Patrol Officer.

Dispatchers will ensure investigations which did not lead to a resolution are placed back into pending to be handled later in the shift or by the next shift. Notes shall be included in the call

regarding the attempts to make contact with the involved parties (ex; no answer, subjects not at home).

ESCARS investigations will be entered as a Priority 5 call for service.

#### 314.4.5 RECORDS DIVISION

The Records Division will scan and process all ESCARS reports in the same manner as any other report. A copy of each investigation; whether active, suspended or closed; will be distributed to the Detective Bureau for informational purposes.

#### 314.4.6 JUVENILE CRIMES DETECTIVE

ESCARS investigations which are referred to the Detective Bureau will be handled by the Juvenile Crimes Detective. This detective will be responsible for the investigation and updating the ESCARS system with a case disposition. The Juvenile Crimes Detective will investigate all criminal reports related to ESCARS investigations.

### **314.5 QUALIFIED INVESTIGATORS**

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

### **314.6 INVESTIGATIONS AND REPORTING**

In all reported or suspected cases of child abuse, a report will be written. Officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if officers interviewed the child victim without the presence of a parent or guardian.

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

#### 314.6.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax, or electronic transfer to the agency with proper jurisdiction (Penal Code § 11165.9).

#### 314.6.2 INITIAL REPORTS OF ABUSE FROM A NONMANDATED REPORTER

Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

- (a) Name and telephone number
- (b) Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

#### **314.7 PROTECTIVE CUSTODY**

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
  1. The child has an immediate need for medical care.
  2. The child is in immediate danger of physical or sexual abuse.
  3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
  1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
  2. There is no lawful custodian available to take custody of the child.
  3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
  4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

#### 314.7.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

#### 314.7.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

### **314.8 INTERVIEWS**

#### 314.8.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

#### 314.8.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  1. A reasonable belief that medical issues of the child need to be addressed immediately.
  2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
  3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

##### 314.8.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

##### **314.9 MEDICAL EXAMINATIONS**

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

##### **314.10 DRUG-ENDANGERED CHILDREN**

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

##### 314.10.1 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

##### 314.10.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

#### **314.11 STATE MANDATES AND OTHER RELEVANT LAWS**

California requires or permits the following:

##### 314.11.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code § 841.5; Penal Code § 11167.5).

##### 314.11.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSECENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

##### 314.11.3 CACI HEARING OFFICER

The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

##### 314.11.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

#### **314.11.5 CHILD DEATH REVIEW TEAM**

This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

#### **314.12 TRAINING**

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

## Missing Persons

### 315.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

#### 315.1.1 DEFINITIONS

**At risk** - Includes, but is not limited to (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

**Missing person** - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

**Missing person networks** - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

### 315.2 POLICY

The Covina Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Covina Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

### 315.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Covina Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

#### 318.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

**Bias motivation** - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

**Disability** - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

**Disability bias** - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's

motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

**Gender** - Gender means sex and includes a person's gender identity and gender expression.

**Gender expression** - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

**Gender identity** - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

**Hate crime** - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
  1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

**Hate incident** - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

**In whole or in part** - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

**Nationality** - Nationality means country of origin, immigration status, including citizenship, and national origin.

**Race or ethnicity** - Race or ethnicity includes ancestry, color, and ethnic background.

**Religion** - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

**Religious bias** - In recognizing suspected religion-bias hate crimes, officers should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

**Sexual orientation** - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

#### **318.2 POLICY**

It is the policy of this department to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department will take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All officers are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Police or other command-level officer to whom the Chief of Police formally delegates this responsibility.

#### **318.3 PLANNING AND PREVENTION**

Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

##### **318.3.1 HATE CRIMES COORDINATOR**

A department member appointed by the Chief of Police or the authorized designee will serve as the Hate Crimes Coordinator. The responsibilities of the Hate Crimes Coordinator should include but not be limited to (Penal Code § 422.87):

## Standards of Conduct

### 319.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Covina Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

### 319.2 POLICY

The continued employment or appointment of every member of the Covina Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

### 319.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

#### 319.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

### 326.2 POLICY

It is the policy of the Covina Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

### 326.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. ## Registered Offender Information

### 327.1 PURPOSE AND SCOPE

### 327.2 POLICY

It is the policy of the Covina Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

### 327.3 REGISTRATION

The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

#### 327.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

### 327.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

#### *Registered Offender Information*

---

The Detective Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Covina Police Department personnel, including timely updates regarding new or relocated registrants.

#### **327.5 DISSEMINATION OF PUBLIC INFORMATION**

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Covina Police Department's website. Information on sex registrants placed on the Covina Police Department's website shall comply with the requirements of Penal Code § 290.46.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law and in compliance with a California Public Records Act request (Government Code § 7920.000 et seq.; Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1).

#### **327.5.1 RELEASE NOTIFICATIONS**

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

### 328.3 MINIMUM CRITERIA FOR NOTIFICATION

##### 328.4.2 DETECTIVE BUREAU NOTIFICATION

If the Watch Commander believes the incident requires a detective bureau response, he/she will make notification to the Detective Bureau Sergeant, who will then be responsible for contacting the appropriate detectives to respond, as well as notifying the Detective Bureau Lieutenant. If the Detective Bureau Sergeant cannot be reached, the Watch Commander should make notification to the Detective Bureau Lieutenant directly.

##### 328.4.3 TRAFFIC BUREAU NOTIFICATION

In the event of a traffic fatality or major injury, the Traffic Sergeant shall be notified who will then contact the appropriate accident investigator(s). The Traffic Sergeant will notify the appropriate command staff.

##### 328.4.4 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be notified if deemed appropriate by the Division Commander or his/her designee.

## Death Investigation

### 329.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

### 329.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

#### 329.2.1 CORONER REQUEST

Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

- (a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).
- (b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.
- (c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.
- (d) Known or suspected homicide.
- (e) Known or suspected suicide.
- (f) Involving any criminal action or suspicion of a criminal act. Includes child and dependent adult negligence and abuse.
- (g) Related to or following known or suspected self-induced or criminal abortion.
- (h) Associated with a known or alleged rape or crime against nature.
- (i) Following an accident or injury (primary or contributory). Deaths known or suspected as resulting (in whole or in part) from or related to accident or injury, either old or recent.
- (j) Drowning, fire, hanging, gunshot, stabbing, cutting, starvation, exposure, alcoholism, drug addiction, strangulation or aspiration.
- (k) Accidental poisoning (food, chemical, drug, therapeutic agents).

- (l) Occupational diseases or occupational hazards.
- (m) Known or suspected contagious disease and constituting a public hazard.
- (n) All deaths in operating rooms and all deaths where a patient has not fully recovered from an anesthetic, whether in surgery, recovery room or elsewhere.
- (o) In prison or while under sentence. Includes all in-custody and police involved deaths.
- (p) All deaths of unidentified persons.
- (q) All deaths of state hospital patients.
- (r) Suspected Sudden Infant Death Syndrome (SIDS) deaths.
- (s) All deaths where the patient is comatose throughout the period of the physician's attendance. Includes patients admitted to hospitals unresponsive and expire without regaining consciousness.

The body shall not be disturbed or moved from the position or place of death without permission of the coroner.

#### 329.2.2 SEARCHING DEAD BODIES

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

#### 329.2.3 DEATH NOTIFICATION

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

##### 329.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's office will issue a "John Doe" or "Jane Doe" number for the report.

##### 329.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

##### 329.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the Investigations Division shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

##### 329.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

## Identity Theft

### 330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

### 330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
  - 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

# Communications with Persons with Disabilities

## 331.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

### 331.1.1 DEFINITIONS

Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

## 331.2 POLICY

It is the policy of the Covina Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

## 331.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Covina Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communications with Persons with Disabilities*

---

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
  - 1. Contact information
  - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

#### **331.4 FACTORS TO CONSIDER**

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

#### **331.5 INITIAL AND IMMEDIATE CONSIDERATIONS**

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communications with Persons with Disabilities*

---

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Covina Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

#### **331.6 TYPES OF ASSISTANCE AVAILABLE**

Covina Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

##### **331.7 AUDIO RECORDINGS AND ENLARGED PRINT**

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

##### **331.8 QUALIFIED INTERPRETERS**

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

##### **331.9 TTY AND RELAY SERVICES**

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

#### *Communications with Persons with Disabilities*

##### **331.10 COMMUNITY VOLUNTEERS**

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

##### **331.11 FAMILY AND FRIENDS**

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

##### **331.12 REPORTING**

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

##### **331.13 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communications with Persons with Disabilities*

---

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

#### **331.13.1 FIELD RESOURCES**

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

#### **331.14 CUSTODIAL INTERROGATIONS**

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communications with Persons with Disabilities*

---

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

#### **331.15 ARREST AND BOOKINGS**

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

#### **331.16 COMPLAINTS**

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

#### **331.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

#### **331.18 CALL-TAKER TRAINING**

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

# Covina Police Department

### Covina PD Policy Manual

#### *Communications with Persons with Disabilities*

---

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

## Private Persons Arrests

### 332.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

### 332.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

### 332.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

### 332.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
  1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

#### *Private Persons Arrests*

---

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
1. Take the individual into physical custody for booking
  2. Release the individual pursuant to a Notice to Appear
  3. Release the individual pursuant to Penal Code § 849

#### **332.5 REPORTING REQUIREMENTS**

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

## Limited English Proficiency Services

### 334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

#### 334.1.1 DEFINITIONS

Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Covina Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

### 334.2 POLICY

It is the policy of the Covina Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

### 334.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Limited English Proficiency Services*

---

- (a) Coordinating and implementing all aspects of the Covina Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
  - 1. Languages spoken
  - 2. Contact information
  - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

#### **334.4 FOUR-FACTOR ANALYSIS**

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Limited English Proficiency Services*

---

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

#### **334.5 TYPES OF LEP ASSISTANCE AVAILABLE**

Covina Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

#### **334.6 WRITTEN FORMS AND GUIDELINES**

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

#### **334.7 AUDIO RECORDINGS**

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

#### **334.8 QUALIFIED BILINGUAL MEMBERS**

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

### Covina PD Policy Manual

#### *Limited English Proficiency Services*

---

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

#### **334.9 AUTHORIZED INTERPRETERS**

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

##### **334.9.1 SOURCES OF AUTHORIZED INTERPRETERS**

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

#### **334.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE**

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

#### **334.10 CONTACT AND REPORTING**

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

#### **334.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE**

The Covina Police Department will take reasonable steps and will work with the Human Resources Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

##### **334.11.1 EMERGENCY CALLS TO 9-1-1**

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

#### *Limited English Proficiency Services*

---

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

#### **334.12 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

#### **334.13 INVESTIGATIVE FIELD INTERVIEWS**

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

#### **334.14 CUSTODIAL INTERROGATIONS**

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

#### **334.15 BOOKINGS**

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

#### **334.16 COMPLAINTS**

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

#### **334.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

#### **334.18 TRAINING**

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

#### 334.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

## Closed-Circuit Television (CCTV) System

### 338.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of Closed-Circuit Television (CCTV) video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, designated CCTV video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

### 338.2 POLICY

The Covina Police Department operates a CCTV video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public and/or restricted areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters, enhance security and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

### 338.3 OPERATIONAL GUIDELINES

Members authorized to monitor video surveillance equipment should only monitor public and/or restricted areas and activities where no reasonable expectation of privacy exists. Restricted areas will be deemed as areas not accessible to the general public and may be deemed as security footage. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

#### 338.3.1 PLACEMENT AND MONITORING

CCTV placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

The cameras shall only record video images and not sound, except those located at the police facility. Recorded images may be used for a variety of purposes, including criminal investigations, security and monitoring of activity around high-value or high-threat areas. The CCTV surveillance system may be useful for the following purposes:

- (a) To prevent, deter and identify criminal activity.
- (b) To respond to critical incidents.
- (c) To assist in identifying, apprehending and prosecuting offenders.

- (d) To document officer and offender conduct during interactions to safeguard the rights of the public and officers
- (e) To augment resources in a cost-effective manner.
- (f) To monitor pedestrian and vehicle traffic activity.
- (g) To assist in evaluating security at City Facilities

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed throughout the police facility when activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the CCTV surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government departments/agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

#### **338.3.2 INTEGRATION WITH OTHER TECHNOLOGY**

The Department may elect to integrate its CCTV surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

#### **338.4 VIDEO SUPERVISION**

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

##### **338.4.1 PROHIBITED ACTIVITY**

CCTV surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

CCTV surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

CCTV surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

#### **338.5 STORAGE AND RETENTION OF MEDIA**

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be saved to the video incident library under the appropriate incident number, or copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. Internal retention is 366 days. External camera retention varies between 30-90 days after which videos are over-written. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved (Government Code § 34090.6).

Any recordings needed as evidence in a criminal or civil proceeding shall be saved to the video incident library under the appropriate incident number, or copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

##### **338.5.1 EVIDENTIARY INTEGRITY**

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

#### **338.6 RELEASE OF VIDEO IMAGES**

All recorded video images gathered by the CCTV surveillance systems are for the official use of the Covina Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

#### **338.7 TRAINING**

All department members authorized to operate or access surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including

this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

## Child and Dependent Adult Safety

### 339.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

### 339.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Covina Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

### 339.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

##### 339.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
  - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
  - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

##### 339.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

#### *Child and Dependent Adult Safety*

---

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

#### 339.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Special needs (e.g., medical, mental health)
  - 5. How, where and with whom or which agency the child was placed
  - 6. Identities and contact information for other potential caregivers
  - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Whether he/she reasonably appears able to care for him/herself
  - 5. Disposition or placement information if he/she is unable to care for him/herself

#### 339.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

#### **339.4 DEPENDENT WELFARE SERVICES**

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

#### **339.5 TRAINING**

The Training Sergeant is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

## Service Animals

### 340.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

#### 340.1.1 DEFINITIONS

Definitions related to this policy include:

**Service animal** - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

### 340.2 POLICY

It is the policy of the Covina Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

### 340.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

#### **340.4 MEMBER RESPONSIBILITIES**

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Covina Police Department affords to all members of the public (28 CFR 35.136).

##### **340.4.1 INQUIRY**

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

##### **340.4.2 CONTACT**

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

##### **340.4.3 REMOVAL**

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

##### **340.4.4 COMPLAINTS**

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

## Volunteer Program

### 341.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

#### 341.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

### 341.2 VOLUNTEER MANAGEMENT

#### 341.2.1 VOLUNTEER COORDINATOR

The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.
- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

##### 341.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

##### 341.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References

##### 341.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

##### 341.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

---

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

#### **341.2.6 FITNESS FOR DUTY**

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

#### **341.2.7 DRESS CODE**

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

#### **341.3 SUPERVISION OF VOLUNTEERS**

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be

---

responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

#### **341.4 CONFIDENTIALITY**

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

#### **341.5 PROPERTY AND EQUIPMENT**

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

##### **341.5.1 VEHICLE USE**

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) Verification that the volunteer possesses a valid California Driver License.
- (b) Verification that the volunteer carries current vehicle insurance.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

##### **341.5.2 RADIO AND MDC USAGE**

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

#### **341.6 DISCIPLINARY PROCEDURES/TERMINATION**

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

##### **341.6.1 EXIT INTERVIEWS**

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

#### **341.7 EVALUATION**

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

## Off-Duty Law Enforcement Actions

### 342.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Covina Police Department with respect to taking law enforcement action while off-duty.

### 342.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

### 342.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer's senses or judgment.

### 342.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Off-Duty Law Enforcement Actions*

---

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

#### **342.4.1 INTERVENTION PROCEDURE**

If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Covina Police Department officer until acknowledged. Official identification should also be displayed.

#### **342.4.2 INCIDENTS OF PERSONAL INTEREST**

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

#### **342.4.3 PROFESSIONAL STAFF RESPONSIBILITIES**

Professional Staff personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

#### **400.5 CROWDS, EVENTS AND GATHERINGS**

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Supervisors should ensure that data stop reports are provided to the Records Supervisor for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).

#### **401.7 ADMINISTRATION**

Each year, the Operations Captain should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

#### **401.8 TRAINING**

Training on fair and objective policing and review of this policy shall be conducted annually and include:

## Briefing Discussion

### 402.1 PURPOSE AND SCOPE

Briefings are generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing and lead discussions with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

### 403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

### 403.2 POLICY

It is the policy of the Covina Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

### 403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

### 403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a major crime scene log noting critical times and personnel allowed access.

### 403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured

##### **403.5.1 CONSENT**

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

##### **403.6 EXECUTION OF HEALTH ORDERS**

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

## Special Response Team

### 404.1 PURPOSE AND SCOPE

The Special Response Team (SRT) has been established to provide specialized support in handling critical field operations where tactical deployment methods beyond the capacity of field officers appear to be necessary.

This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Professional Standards Bureau Recommendations (Penal Code § 13514.1).

### 404.2 POLICY

It shall be the policy of this department to provide the equipment, staffing and training necessary to maintain the Special Response Team (SRT). It is understood it is difficult to categorize specific capabilities for critical incidents. Professional standards may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit the SRT from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

SRT may be utilized in a wide variety of incidents. These types of incidents include, but are not limited to:

- (a) High Risk Warrant Service
- (b) Barricaded Suspects
- (c) Hostage Rescue
- (d) Crowd Control
- (e) Mobile Operations
- (f) Chemical Agent Deployment
- (g) Counter-Sniper Operations
- (h) Special Events

The Special Response Team Manual explains how SRT will operate within the organization. SRT supervisors and officers (operators) will be required to review and follow the guidelines set forth in the SRT Manual. SRT personnel shall operate in accordance with the Covina Police Department policies and procedures, as well as State and Federal law.

The SRT Manual shall be available in hardcopy in the Watch Commander's Office and electronically. Each SRT member and supervisor shall maintain a hardcopy of the SRT Manual.

- (d) A contained open area search for an armed suspect
- (e) An active shooter or sniper incident
- (f) Riot or crowd control situations
- (g) A high-risk situation where there is imminent danger to citizens, officer or suspect(s)

The Watch Commander will be responsible for first notifying the SRT Team Commander, or in his/her absence, the designated SRT Team Leader. The SRT Team Commander or the SRT Team Leader will notify the Division Commander who in turn will notify the Chief of Police. The Watch Commander will also cause the Communication Dispatchers or their designee to initiate a Team "call out".

#### **405.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK**

All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Covina Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

#### **405.3 OFFICER'S RESPONSIBILITY**

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

#### **405.4 CONTROL OF RIDE-ALONG**

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer's duties

# Hazardous Material Response

## 406.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities. To comply with 8 CCR § 5194, the following is to be the policy of this department.

### 406.1.1 DEFINITIONS

Definitions related to this policy include:

**Hazardous material** – A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

## 406.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest, or statements from the person transporting).
- (b) Notify the fire department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety Code § 79355).

## 406.3 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an employee memorandum that shall be forwarded via chain of command to the Watch Commander as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

#### *Hazardous Material Response*

---

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

##### 406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that a member has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of members, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the fire department.

## Hostage and Barricade Incidents

### 407.1 PURPOSE AND SCOPE

Hostage situations and barricaded suspects present unique problems for law enforcement agencies. The protection of the public and law enforcement personnel is of the utmost importance. Proper planning and training will tend to reduce the risks involved with these types of incidents.

The purpose of this policy is not intended to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

#### 407.1.1 DEFINITIONS

Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists lawful orders of law enforcement personnel, presents a risk to officers or the public, and the on-duty supervisor determines there is a need to take the person into custody for a criminal offense. A barricaded suspect may be armed or suspected of being armed.

**Hostage situation** - An incident where it is reasonable to believe a person is unlawfully held against his/her will under the threat of actual use of force.

### 407.2 POLICY

It is the policy of the Covina Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

Promises of immunity or leniency and payment of ransom demands are rarely effective and will generally not be offered to barricaded suspects. Trained hostage negotiators, however, will be permitted to exercise flexibility in each situation based upon the circumstances presented and consistent with their training.

Personnel involved in barricaded and hostage situations are urged to exercise patience and extreme caution. The use of deadly force against any armed suspect will be governed by Policy Manual § 300, with particular regard directed toward the safety of victims and hostages.

### 407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather

intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

#### 407.3.1 EMERGENCY COMMUNICATIONS

California Penal Code 633.8 provides law enforcement with the ability to use electronic amplifying or recording devices to eavesdrop on and record the otherwise confidential oral communications of individuals within a location when responding to an emergency situation that involves the taking of a hostage or the barricading of a location.

In conjunction with the District Attorney, the Department will utilize designated personnel, to meet the legal requirements associated when utilizing emergency communications efforts. Meeting these requirements falls within a designated time frame.

#### 407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation. Priorities of life, life threatening injuries to victims and hostages need to be considered and evaluated during these types of incidents.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, to the persons involved and to bystanders, and the resources currently available.

Until the arrival of a supervisor, the first responding officer on the scene of an actual or potential hostage/barricade situation shall consider the following:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of trained personnel and/or trained hostage negotiation personnel when applicable.
- (b) Notification to supervision.
- (c) Establishment of inner and outer perimeters.
- (d) Evacuation of bystanders and injured persons.
- (e) Request for ambulance, rescue, and fire personnel.
- (f) Pursuit/surveillance vehicles and control of travel routes.

The handling officer should brief the arriving supervisor of the incident, including information about suspect(s) and victim(s), the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

#### 407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining

lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Priorities of life.
- (b) Evacuate the immediate area of injured, bystanders and others potentially affected.
- (c) Deployment of resources and consideration of additional resources.
- (d) Scene security.

#### **407.4.2 HOSTAGE SITUATION**

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Priorities of life.
- (b) Evacuation of the immediate area of injured, bystanders and others potentially affected.
- (c) Deployment of resources and consideration of additional resources.
- (d) Scene security.

#### **407.5 SUPERVISOR RESPONSIBILITIES**

Upon properly relieved, a supervisor shall serve as the Incident Commander and be responsible for the following:

- (a) Notification to the Watch Commander if applicable.
- (b) Notification to the Special Response Team (SRT) when applicable.
- (c) Notification of appropriate persons within and outside the agency, such as command officers, and other personnel.
- (d) Establishment of a command post.
- (e) Evaluate and ensure above-mentioned First Responder responsibilities and/or assignments are completed and make necessary adjustments based on needs, staffing, resources and/or equipment.
- (f) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (g) Consider news media interest and request appropriate assistance to address media inquiries.
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident.

- (i) Resolve the incident utilizing available existing resources, request additional resources and/or equipment or maintain incident pending the arrival of the Special Response Team.

#### **407.6 SRT RESPONSIBILITIES**

The SRT Commander will decide, with input from the Incident Commander, whether to deploy the SRT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SRT. The Incident Commander and the SRT Commander or the authorized designee shall maintain communications at all times.

#### **407.7 REPORTING**

The Incident Commander with the assistance of other supervisors will coordinate and ensure reports related to the incident are completed.

## Response to Bomb Calls

### 408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Covina Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

### 408.2 POLICY

It is the policy of the Covina Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

### 408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

### 408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

#### 408.4.1 COVINA POLICE DEPARTMENT FACILITY

If the bomb threat is against the Covina Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

#### 408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Covina Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

### Covina PD Policy Manual

#### *Response to Bomb Calls*

##### **408.4.3 FEDERAL BUILDING OR PROPERTY**

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

##### **408.5 PRIVATE FACILITY OR PROPERTY**

When a member of this department receives notification of a bomb threat at a location in the City of Covina, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
  - 1. No evacuation of personnel and no search for a device.
  - 2. Search for a device without evacuation of personnel.
  - 3. Evacuation of personnel without a search for a device.
  - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

##### **408.5.1 ASSISTANCE**

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Response to Bomb Calls*

---

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
  - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
  - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
  - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

#### **408.6 FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
  - 1. Two-way radios
  - 2. Cell phones
  - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
  - 1. The time of discovery.

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

#### **408.7 EXPLOSION/BOMBING INCIDENTS**

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

##### **408.7.1 CONSIDERATIONS**

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

##### **408.7.2 NOTIFICATIONS**

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

##### 408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

##### 408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

## Crisis Intervention Incidents

### 409.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

#### 409.1.1 DEFINITIONS

Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

### 409.2 POLICY

The Covina Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

### 409.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

#### **409.4 FIRST RESPONDERS**

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
  1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

#### **409.5 DE-ESCALATION**

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Crisis Intervention Incidents*

---

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

#### **409.6 INCIDENT ORIENTATION**

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

#### **409.7 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

#### **409.8 INCIDENT REPORTING**

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

##### **409.8.1 DIVERSION**

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

#### **409.9 PROFESSIONAL STAFF INTERACTION WITH PEOPLE IN CRISIS**

Professional Staff members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

#### **409.10 TRAINING**

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

## Mental Illness Commitments

### 410.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

### 410.2 POLICY

It is the policy of the Covina Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

### 410.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

#### 410.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

### 410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Mental Illness Commitments*

---

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

#### **410.4.1 SECURING OF PROPERTY**

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

#### **410.5 TRANSPORTATION**

When transporting any individual for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

#### **410.6 TRANSFER TO APPROPRIATE FACILITY**

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported

and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

#### **410.7 DOCUMENTATION**

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

##### **410.7.1 ADVISEMENT**

The officer taking a person into custody for evaluation shall advise the person of:

- (a) The officer's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

#### **410.8 CRIMINAL OFFENSES**

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

# Covina Police Department

## Covina PD Policy Manual

#### *Mental Illness Commitments*

- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

#### **410.9 FIREARMS AND OTHER WEAPONS**

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

##### **410.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS**

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

### **410.10 TRAINING**

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

## Cite and Release Policy

### 411.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

### 411.2 POLICY

It is the policy of the Covina Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

### 411.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

#### 411.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court. The arresting officer must seek approval from an on-duty supervisor prior to releasing an arrestee in the field with a citation.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

#### 411.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

##### 411.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (f) Stalking (Penal Code § 646.9)
- (g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

##### 411.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety.
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
  - 1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
  - 1. Previous failure to appear is on record
  - 2. The person lacks ties to the area, such as a residence, job, or family
  - 3. Unusual circumstances lead the officer responsible for the release of arrested persons to conclude that the suspect should be held for further investigation
- (j) A previous conviction, citation, or arrest for misdemeanor or felony retail theft from a store in the previous six months.
- (k) There is probable cause to believe that the person arrested is guilty of committing organized retail theft.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

#### **411.5 MISDEMEANOR WARRANTS**

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.
- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
- (e) The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.
- (f) The person requires medical examination or medical care or was otherwise unable to care for their own safety.
- (g) The person has other ineligible charges pending against themselves.
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.

- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

#### **411.6 JUVENILE CITATIONS**

Criminal citations will be completed for all juvenile misdemeanor and felony cases where the juvenile is not transferred to a juvenile hall detention facility. A parent or guardian of the juvenile will also be cited upon the juvenile's release from custody if feasible for court purposes. To determine if a juvenile will be accepted for detention, officers will contact Central Juvenile Hall's Intake and Detention Control in advance to obtain a determination for juvenile hall detention. Infractions committed by juveniles may be cited in the field and do not require an accompanying parent or guardian citation.

# Foreign Diplomatic and Consular Representatives

## 412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Covina Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

## 412.2 POLICY

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. - (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle.   - 4. Honorary consular officers
  - 5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

#### *Foreign Diplomatic and Consular Representatives*

---

- (a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.
- (b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.
- (c) A small number of senior officers are entitled to be treated identically to diplomatic agents.
- (d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.

## Rapid Response and Deployment

### 413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

### 413.2 POLICY

The Covina Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

### 413.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

### 413.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Rapid Response and Deployment*

---

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

#### **413.4.1 RESPONSE TO SCHOOL THREATS**

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, officers shall immediately investigate and conduct a threat assessment. The investigation shall include a review of the firearm registry of the California Department of Justice. A reasonable search of the school at issue shall be conducted when the search is justified by reasonable suspicion that it would produce evidence related to the threat or perceived threat (Education Code § 49394).

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390).

#### **413.5 PLANNING**

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.

- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

#### **413.6 TRAINING**

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
  - (a) This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

# Immigration Violations

## 414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Covina Police Department relating to immigration and interacting with federal immigration officials.

### 414.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

**Criminal immigration violation** - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

**Immigration enforcement** - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

**Judicial warrant** - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

## 414.2 POLICY

It is the policy of the Covina Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

## 414.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

## 414.4 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

### 414.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Immigration Violations*

---

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

#### 414.4.2 CALIFORNIA DEPARTMENT OF MOTOR VEHICLES

Members shall not obtain, access, use, or otherwise disclose noncriminal history information maintained by the DMV for immigration enforcement (Vehicle Code § 1808.48).

#### **414.5 SWEEPS**

The Covina Police Department does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

#### **414.6 DETENTIONS AND ARRESTS**

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

##### **414.7 FEDERAL REQUESTS FOR ASSISTANCE**

- (a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

## Emergency Utility Service

### 415.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

#### 415.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by Dispatch.

#### 415.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

#### 415.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

#### 415.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

### 415.2 TRAFFIC SIGNAL MAINTENANCE

The City of Covina contracts with a private maintenance company to furnish maintenance for all traffic signals within the City, other than those maintained by the State of California.

#### 415.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

## Aircraft Accidents

### 416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

#### 416.1.1 DEFINITIONS

Definitions related to this policy include:

**Aircraft** - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

### 416.2 POLICY

It is the policy of the Covina Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

### 416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

### 416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

#### **416.5 NOTIFICATIONS**

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower

- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

The training period for a lateral officer may be modified depending on the trainee's demonstrated performance and level of experience. A lateral officer may be exempt from the Field Training Program requirement if the officer qualifies for an exemption as provided in 11 CCR 1005(a)(B).

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts, and geographical areas during their Field Training Program.

##### **417.5.1 FIELD TRAINING MANUAL**

Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Covina Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules, and regulations adopted by the Covina Police Department.

#### **417.6 EVALUATIONS**

Evaluations are an important component of the training process and shall be completed as outlined below.

##### **417.6.1 FIELD TRAINING OFFICER**

The FTO will be responsible for the following:

- (a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO Coordinator on a daily basis.

#### *Field Training Officer Program*

- (b) Review the Daily Trainee Performance Evaluations with the trainee each day.
- (c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.
- (d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

#### 417.6.2 IMMEDIATE SUPERVISOR

The immediate supervisor shall review and approve the Daily Trainee Performance Evaluations and forward them to the Field Training Administrator.

#### 417.6.3 FIELD TRAINING ADMINISTRATOR

The Field Training Administrator will review and approve the Daily Trainee Performance Evaluations submitted by the FTO through his/her immediate supervisor.

#### 417.6.4 TRAINEE

At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

#### **417.7 DOCUMENTATION**

All documentation of the Field Training Program will be retained in the officer's training files and will consist of the following:

- (a) Daily Trainee Performance Evaluations
- (b) End-of-phase evaluations
- (c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training

## Obtaining Air Support

### 418.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

### 418.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

#### 418.2.1 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Police helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.

## Contacts and Temporary Detentions

### 419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

#### 419.1.1 DEFINITIONS

Definitions related to this policy include:

**Consensual encounter** - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

**Field interview** - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

**Field photographs** - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

**Pat-down search** - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

**Reasonable suspicion** - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

**Temporary detention** - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

### 419.2 POLICY

The Covina Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Contacts and Temporary Detentions*

---

#### **419.3 FIELD INTERVIEWS**

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Covina Police Department to strengthen community involvement, community awareness, and problem identification.

##### **419.3.1 INITIATING A FIELD INTERVIEW**

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the officer

#### **419.4 PAT-DOWN SEARCHES**

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

# Covina Police Department

### Covina PD Policy Manual

#### *Contacts and Temporary Detentions*

---

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

#### **419.5 FIELD PHOTOGRAPHS**

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

##### **419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT**

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

##### **419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT**

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

##### **419.5.3 DISPOSITION OF PHOTOGRAPHS**

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.

# Covina Police Department

### Covina PD Policy Manual

#### *Contacts and Temporary Detentions*

---

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

#### **419.5.4 SUPERVISOR RESPONSIBILITIES**

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

#### **419.6 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
  1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
  2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Covina Police Department members.
  1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

# Criminal Organizations

## 420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Covina Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

### 420.1.1 DEFINITIONS

Definitions related to this policy include:

**Criminal intelligence system** - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

## 420.2 POLICY

The Covina Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

## 420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

### 420.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any supporting documentation for an entry shall be retained by the Records Bureau in accordance

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

#### 420.3.2 GANG DATABASES

The Chief of Police may approve participation in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the Detective Bureau supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the Detective Bureau supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Department, the basis for that designation, and the name of the agency that made the designation. The Department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the Detective Bureau supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The Detective Bureau supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The Detective Bureau supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

### Covina PD Policy Manual

#### *Criminal Organizations*

---

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

#### **420.4 TEMPORARY INFORMATION FILE**

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

##### 420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

##### 420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

#### **420.5 INFORMATION RECOGNITION**

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.

#### *Criminal Organizations*

---

- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

#### **420.6 RELEASE OF INFORMATION**

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

#### **420.7 CRIMINAL STREET GANGS**

The Detective Bureau supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
  1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
  2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
  3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).
- (b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

#### **420.8 TRAINING**

The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

# Covina Police Department

#### *Criminal Organizations*

---

- (a) The protection of civil liberties.
- (b) Participation in a multiagency criminal intelligence system.
- (c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

#### 420.8.1 SHARED GANG DATABASE TRAINING

The Training Sergeant should ensure that members who are authorized users of a shared gang database receive the required training from the California Department of Justice (DOJ) or an instructor certified by the DOJ that includes comprehensive and standardized training on the use of shared gang databases, and any other associated training required by the Department (Penal Code § 186.36; 11 CCR 751.6).

## Watch Commanders

### **421.1 PURPOSE AND SCOPE**

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives.

### **421.2 DESIGNATION AS ACTING WATCH COMMANDER**

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

## Mobile Digital Computer Use

### 422.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

### 422.2 POLICY

Covina Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

### 422.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

### 422.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

#### 422.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

# Covina Police Department

### Covina PD Policy Manual

#### *Mobile Digital Computer Use*

---

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

#### **422.5 DOCUMENTATION OF ACTIVITY**

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

##### **422.5.1 STATUS CHANGES**

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

##### **422.5.2 EMERGENCY ACTIVATION**

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

#### **422.6 EQUIPMENT CONSIDERATIONS**

##### **422.6.1 MALFUNCTIONING MDC**

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

##### 422.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

## Use of Audio Recorders

### 424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties.

This policy does not apply to surreptitious interception of electronic communications for lawful authorized investigative purposes or to mobile audio video recordings (see the Mobile Audio Video Policy).

### 424.2 POLICY

The Covina Police Department provides supervisors and managers digital recorders for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between department supervisors and the public.

Officers may choose to carry and utilize portable recorders in addition to the requirements of the MAV system. Officers that choose to carry and utilize portable recorders are subject to the guidelines in this policy.

### 424.3 PRIVACY

All recordings made by personnel acting in their official capacity as members of this department shall remain the property of the Department and should not be considered private.

### 424.4 SUPERVISOR RESPONSIBILITIES

Prior to going into service, each uniformed supervisor will be responsible for making sure that he/she is equipped with a digital recorder, issued by the Department, and that the recorder is in good working order.

Any supervisor assigned to a non-uniformed position may carry an approved digital recorder at any time the supervisor believes that such a device may be useful.

### 424.5 ACTIVATION OF THE AUDIO RECORDER

Supervisors should activate the recorder during all citizen complaint contacts, administrative investigations, and any other time the supervisor reasonably believes that a recording of an on-duty contact may be useful. Once started, recordings should continue without interruption until the contact ends, if feasible.

At no time is a supervisor/officer expected to jeopardize his/her safety in order to activate or in any way manipulate a recorder. However, the recorder should be activated in required situations as soon as practicable.

#### 424.5.1 SURREPTITIOUS USE OF THE AUDIO RECORDER

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the officer reasonably believes that such a recording will be beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order or unless lawfully authorized by the Chief of Police or the authorized designee.

#### **424.6 PROHIBITED USE OF PORTABLE RECORDERS**

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes.

Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment or ridicule.

Any member who may have questions regarding the application of this policy is encouraged to seek clarification from supervisory personnel.

#### **424.7 RETENTION OF RECORDINGS**

Any time a member records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and download the file in accordance with the Computers and Digital Evidence Policy and document the existence of the recording in the related case report.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

Members should upload the file, in accordance with current procedure for storing digital files.

##### **424.7.1 RETENTION REQUIREMENTS**

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule.

#### **424.8 RELEASE OF RECORDINGS**

Recordings made using portable recording devices pursuant to this policy are department records and may only be released as provided in the Release of Records and Information Policy or for other authorized legitimate department business purposes.

#### **424.9 REVIEW OF RECORDED MEDIA FILES**

When preparing written reports, members should review their recordings as a resource. However, members should not use the fact that a recording was made as a reason to write a less detailed report.

# Mobile Audio Video (MAV) and Body Worn Camera (BWC)

## 423.1 PURPOSE AND SCOPE

The Covina Police Department has equipped patrol vehicles with Mobile Audio Video recording systems, and provided body worn cameras to assigned sworn patrol personnel and some special assignment sworn personnel. This system will provide records of events and assist officers in the performance of their duties. Audio video should be considered with all other available evidence, including witness statements, officer interviews and forensic analysis. This policy provides guidance on the use of the system, and its intent is to utilize the system to more effectively fulfill the Department's mission, and to ensure the system is used securely and efficiently.

- Detectives including Crime Impact Team detectives, and Special Response Team members will have access to BWC devices. These devices may be assigned by a supervisor.
- Any other employee as deemed appropriate when their supervisor reasonably believes such use would be beneficial and it's within all agency policies and federal/state laws.

#### **423.4 RESPONSIBILITIES**

##### 423.4.1 SUPERVISORY RESPONSIBILITIES

Supervisors and Managers can be the rank of sergeant and above. They are assigned to any work unit that is MAV/BWC equipped and shall:

- (a) Ensure that MAV and BWC equipment is operational.
- (b) Ensure officers upload all BWC recordings at the end of each shift or special detail, and
- (c) Review relevant MAV/BWC recordings prior to submitting any administrative reports such as use of force investigations, pursuits, officer-involved traffic collisions, city property damage, employee injuries.

Supervisors should direct officers to complete the download of BWC as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident to ensure the data is downloaded (Penal Code §832.18)

##### 423.4.2 UNIFORMED PERSONNEL RESPONSIBILITIES

Prior to going into service, each employee issued a BWC is responsible for making sure the BWC is in proper working order. Uniformed personnel assigned to field and enforcement duties during regular and extra duty assignments shall wear the BWC on their person in a forward facing position that facilitates comprehensive recording of the contact and/or incident.

The BWC is designed to be powered on, linked to the MAV via Bluetooth technology, and left on during the entirety of a shift for ease of activation. All personnel wearing a BWC shall have their BWC powered on and linked to the MAV at all times while in public. Employees utilizing the restroom, while within a police building, or other location where the need to create a recording (per the ACTIVATION OF BODY WORN CAMERA section of this policy) is improbable, are encouraged to place the Body Worn Camera in a container until they return to duty. Employees must have the BWC power on and linked to the MAV and operational once they re-enter the public.

The vendor provides BWC docking stations that are directly connected to Video Management System. By placing a BWC in the dock, the videos are automatically uploaded directly to Video Management System. At the end of each work shift, personnel shall properly dock their BWC in a docking station, ensuring that the upload process initiates.

If an employee creates a recording(s) during an extra duty assignment, that employee will dock his/her BWC at the conclusion of that extra duty assignment. If the recording is of an arrest or major incident, the BWC shall be docked at, or before, the conclusion of the extra duty assignment to ensure the incident is uploaded to Video Management System.

If an employee is scheduled to work an extra duty event during the employee's normal off-duty time, and it is impracticable to dock their BWC at the end of their normal shift, a supervisor may authorize the employee to take their BWC home. It is the employee's responsibility to ensure the BWC is fully charged prior to their next shift.

Each employee will be responsible for the use and care of the BWC recorder he or she is using. When an employee determines a BWC is not operating properly, the employee shall notify a supervisor at the earliest practicable time. When not in use, the BWC and related equipment shall be kept in the designated charging port of the docking station.

#### **423.4.3 NON-UNIFORMED PERSONNEL RESPONSIBILITIES**

The Department currently has a limited supply of BWCs and because of this a supervisor may assign BWCs to designated non-uniformed personnel under certain circumstances. All officers wearing a BWC shall have their BWC powered on at all times while in public. Any officer issued a BWC and assigned to a non-uniformed position shall carry and activate his/her department issued BWC when making enforcement contacts and at any time the officer believes such a device may be beneficial to the situation.

Officers operating a vehicle equipped with MAV shall link their BWC via Bluetooth technology.

Detectives working as undercover officers in the field may use discretion as to when to record conversations with the BWC.

Based on BWC availability and supervisory oversight, all non-uniformed personnel who are executing pre-planned enforcement activities such as serving a search or arrest warrant or parole/probation searches shall wear and operate a BWC. Activation of the BWC will commence upon initiation of the enforcement activity, when it does not compromise officer safety tactics. In the event a sworn officer is unable to initiate their BWC, or in any instance during which a BWC cannot or should not be activated, the sworn officer shall document the reason it was not activated, and/or why a recording was delayed, interrupted or inadvertently terminated.

Non-uniformed officers shall be responsible for uploading their digital recordings in the same manner as described for uniformed sworn officers.

#### **423.5 ADVISEMENTS WHEN RECORDING**

Sworn officers are not required to obtain consent to record from members of the public when the officer lawfully in the area where the recording is taking place. Sworn officers may advise private persons they are being audio/video recorded if the advisement may gain compliance, assist in the investigation, and will not interfere with the investigation or employee/officer safety. Residents have a reasonable expectation of privacy in their homes. However, when sworn officers are lawfully present at a residence (exigent circumstances, consent or warrant) in the course of official duties, there is no reasonable expectation of privacy, and recording is lawful. Therefore, officers are not required to give notice they are recording. If asked, the sworn officer should advise the citizens they are being recorded.

If a resident object to the recording inside their private residence entered through consent, the officer may turn off the BWC. Before terminating a recording for reasons of privacy or other concerns, the officer shall document verbally on camera and later in writing where appropriate, the reasons for not recording.

Officers are not required to initiate or cease lawful recordings of an event, situation or circumstances solely at the demand of a citizen or when the officer is lawfully in the area where the recording takes place.

#### **423.6 ACTIVATION OF MAV AND BWC**

This policy is not intended to describe every possible situation in which the MAV and BWC shall be used, although there are many situations where its use is appropriate. The MAV and BWC should be activated in any of the following situations:

- (a) All contacts with the public including stops, field interview (FI) situations, calls for service and report calls
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
- (e) Any other circumstances where the officer believes that a recording of an incident would be appropriate

#### **423.6.1 ACTIVATION NOT REQUIRED NOR PERMISSIBLE**

- (a) Officers are not required to activate the BWC during routine, incidental contact with a citizen, to include but not limited to giving directions, casual conversation during lunch breaks etc.
- (b) Officers are not required to record while they are conferring on a call, during tactical briefings and debriefings of events or during safety security procedures.
- (c) BWC shall not be activated anywhere within the department where a reasonable expectation of privacy exists, including but not limited to locker rooms, dressing rooms, sleep room, restrooms, briefing rooms, break rooms etc. unless such presence is directly relevant to a criminal investigation.
- (d) BWC shall not be activated during non-work-related activity
- (e) BWC shall not be activated to surreptitiously record any department member without their consent, a court order, or unless lawfully authorized by the Chief of Police or his designee for the purposes of a criminal investigation.
- (f) Officers shall remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the employee that such privacy outweighs any legitimate law enforcement interest in recording. Officers should also be mindful of laws and consider audio only option on the BWC device in sensitive situations and all situations

mentioned below. Requests to stop recordings by may be considered using the same criterion. Recording should start or resume when privacy is no longer an issue unless the circumstances no longer fit the criteria for recording.

Discretionary recording is authorized when:

- (a) A witness or victim verbally or in any manner unequivocally refuses to provide a statement if recorded with a BWC or requests confidentiality and the encounter is a non-confrontational one. These interviews should be audio recorded with the BWC audio only recording option. Being a victim of domestic violence or sexual assault or similar act does not alone exempt an employee from being required to activate a BWC. In general, these cases should be recorded and exigency must be present and memorialized if the BWC is not activated.
- (b) Recording is found to be inappropriate because of a victim or witness age, physical condition, emotional state or other sensitive circumstances.
- (c) Recording would risk the safety of a confidential informant, citizen informant or an undercover officer.
- (d) Recording would violate federal HIPPA laws, such as when the recording would occur at an in-patient care area of a hospital, mental health facility, emergency rooms or other health care facility, or medical or psychological evaluations are taking place, unless an investigation is taking place.
- (e) If a BWC is activated, care should be taken to record only the person you are speaking with. Avoid recording exposed areas of the body that could cause embarrassment or humiliation unless such condition is relevant to the investigation.

#### **423.7 NON-ACTIVATION OF BWC**

While Penal Code §632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, Penal §633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

- (a) Officers should deactivate their BWC or take reasonable effort to stop recording in any of the following situations:
- (b) Except during the course of a criminal investigation, during a conversation with any other member of this department without the express knowledge and consent of all parties. Nothing in this section is intended to interfere with an officer's right to openly record any interrogation pursuant to Government Code §9303 (g).
- (c) During any non-work-related activity
- (d) Except during the course of a criminal investigation, in places where a reasonable expectation of privacy exists, such as locker rooms, dressing rooms or restrooms.
- (e) Whenever officer safety would be compromised due to unexpected or sudden altercation.
- (f) Whenever a health care provide is discussing medical issues with a patient.
- (g) While conversing with other officers regarding the specifics or tactics of a call.

##### **423.8 RECORDING OF ENTIRE CONTACT**

The BWC shall continue recording until the investigation or enforcement activity involving a member of the public has ended, or the call for service has been cleared with Dispatch. If enforcement or investigative activity with a member of the public resumes, the officer(s) shall activate the BWC and continue recording.

After receiving pertinent information from personnel directly involved in a critical incident, a supervisor may order the involved personnel to turn off their BWC and return to the station.

If circumstances present any employee with need to continue recording of an incident which is not viewable from their body position or personal safety it is permissible for the officer to place the BWC on a surface that provides a better vantage point. The BWC is designed to be on the employee, but this tactical placement may be used in tactical situations when the body position or personal safety position reduce the effective view for documenting evidence or actions during an incident.

Employees may place the BWC in police vehicles and law enforcement facilities for the purpose of collecting evidence such as when persons are present who are a subject in a criminal investigation.

##### **423.9 TRANSPORT OF PRISONER OR DETAINEE**

While transporting a prisoner or detainee, officers shall record that transport with MAV and/or BWC.

##### **423.10 DOCUMENTATION OF MAV AND BWC**

A BWC recording is not a substitute for a detailed police report and a report shall not list "refer to MAV/BWC" in lieu of authoring a detailed, accurate police report. Officers will document the use of the MAV and BWC in some format to include but not limited to CAD entries, citations, reports, Field Identification cards.

##### **423.11 PRE-RECORDED ACTIVATION VIDEO EVIDENCE**

The MAV and BWC have a prerecord feature that captures video without audio, for 30 seconds preceding the actual physical activation of the system(s) by either the officer or the auto-triggers. This pre-record feature can provide some visual information, but no audio. The auto-triggers designed to activate the camera are wireless devices, installed typically in vehicles to activate the BWC. This technology has a limited range and may not always initiate a new video recording and or capture the preceding 30 seconds of prerecorded video evidence.

##### **423.12 AUTO-TRIGGER OF BWC**

Each BWC is programmed to work in conjunction with the MAV systems that feature auto-triggering devices known as BITS. The auto-triggering device are programmed to send a wireless signal to the BWC within a short range to initiate a video. The device requires reasonably close proximity. Wireless interference distance and unpredictable issues may interfere with this auto-activation aspect. While it's the intention of the Department to automatically start a video record via the auto-trigger, it is still the responsibility of the officer to ensure a recording is active as required by the policy. Auto-triggers are:

- (a) Activation of the vehicle's forward-facing red light
- (b) Activation of the vehicle's emergency lights (Code 3 position)
- (c) Speed of the vehicle consisting of 80 mph or greater
- (d) Crash sensor

Employees shall utilize the auto-triggering capability to pair the BWC to the MAV when they are the driver of an equipped vehicle.

#### **423.13 IDENTIFYING INFORMATION REQUIRED FOR BWC RECORDINGS (DEMOGRAPHIC AND RETENTION DATA)**

All criminal incidents shall have video metadata related to the crime report and incident documented in the Records Management System. Computer Aided Dispatch systems may tag videos automatically, but it is the responsibility of the employee to ensure accurate video tag metadata to crime reports.

Officers may use either the mobile application or other data connection to review videos and add metadata information in the field. Metadata is the Case Number, Encounter Type, Search Tags and Comments. The pre-download review of video and tagging of videos with metadata does not change or alters the VIDEO.

#### **423.14 COMMUNITY VIDEO AND DIGITAL EVIDENCE COLLECTION**

Officers may use the mobile application and software for MAV and/or BWC System to request and add video and digital evidence from the public. The use of a shared link or other data exchange services allows the Police Department to include videos and digital evidence from the public for inclusion in a law enforcement investigation.

#### **423.15 DOCUMENTING USE OF BWC VIA TAGGING**

A critical factor in the retention of BWC data is tagging the video with important details with metadata (data providing information about one or more aspects of the data) to ensure the video is easily retrievable for use as evidence. A critical task for incidents that require a completed police report is to ensure the Records Management System and MAV/BWC system both have indicators of the presence of a video record. The RMS has a data field identified as "Observer" which allows the selection of a UCR Code. UCR Code references "BWC#" shall be selected for all police reports. This code will indicate a BWC recording meets the retention requirements as outlined in this policy.

#### **423.16 OFFICER STATEMENTS AND REPORTING**

All police reports documenting incidents during which MAV and/or BWC was activated shall include written documentation that the incident was recorded by the system. The Circumstance Code in the LAW Incident for all criminal reports will document the use of MAV and/or BWC for the report. If for any reason and officer fails to activate their MAV/BWC as required in this policy, that information must be documented within the police report and/or inter-office memorandum.

Officers are encouraged to review MAV and BWC recordings on their assigned device or authorized computer prior to documenting an incident, arrest, search, interview, use of force, or other enforcement or investigative activity to ensure that their reports, statements, and documentation are accurate and complete.

##### **423.18.1 PROCEDURE FOR THE REVIEWING OF MAV AND BWC RECORDINGS IN OFFICER INVOLVED SHOOTING OR IN-CUSTODY DEATH INCIDENTS**

If an officer is involved in a Use of Force, such as an officer-involved shooting, an officer shall not review his or her BWC until authorized by the Chief of Police or his/her designee. Once authorized, the officer shall review his or her MAV and/or BWC recording and any other relevant MAV and BWC footage as deemed necessary and appropriate by the assigned investigator/ supervisor, prior to being interviewed by investigators. An officer may have a representative present during the review of MAV and BWC recordings without the investigator or supervisor present. The separating and monitoring of officers involved in an Officer Involved Shooting or In Custody Death Use of Force incident shall be maintained during the review of MAV and BWC recordings and a review shall not occur jointly among involved employees.

Penal Code §141 makes it a felony for any police officer to knowingly, willfully, intentionally, and/or wrongfully alter or modify any digital image or recording with the intent to cause any person to be charged with a crime. Violation(s) shall result in departmental disciplinary action.

##### **423.19 AUDIT RESPONSIBILITY**

The policy of the Covina Police Department is to utilize the resource of BWC/MAV in conjunction with the internal control for management, supervision and evaluation of employee performance.

This policy is to provide the supervisors with guidelines to ensure proper use of the MAV and BWC, and an audit of performance of field personnel during daily activities. The audit responsibility is not a component of dealing with complaints from the public, internal inquires of activity related to conduct or employee misconduct.

Each supervisor is required to conduct an audit of MAV and BWC usage by personnel during the deployment period (one per every four months). The audit of each employee is designed to provide the supervisor with useful information to be included in the performance evaluation of the officer.

Audits shall be any of the three activities mentioned below which relate to the assignment of the personnel supervised.

For example, an audit for a patrol officer may include:

- (a) Any arrest and/or traffic stop, pedestrian contact
- (b) A call for service and/or crime report
- (c) A complaint of a disturbance that does not necessarily involve a report or arrest

These incidents shall take place within the deployment period the supervisor works with the officer. At the conclusion of the audit the supervisor shall meet with the audited officer and discuss the details of the video audited (time, date and location if known) as follows:

#### **423.21 REPEATED FAILURE TO ACTIVATE BODY-WORN CAMERA / MAV**

This section is intended to outline guidelines for action due to willful and/or repeated non-activation of MAV and/or BWC by officers. Police Officers are expected to be equipped and operating a BWC when in public and involved in law enforcement activity.

Supervisors may counsel and train an officer in order to provide clear direction for use. Continued failure to activate the body worn camera may be addressed by discipline for violation of misconduct.

#### **423.22 RELEASE OF POLICE VIDEO RECORDINGS**

The MAV and BWC recordings capture audio and video for use in criminal investigations, administrative reviews, and other proceedings protected by confidentiality laws and department policy. The public release of recordings is determined on a case-by-case basis, utilizing a good faith balancing test of competing interests of government transparency and accountability, privacy rights, and governmental effectiveness.

The department will publicly release or withhold recordings, or redacted portions thereof, in accordance with department policy, federal and state law, namely the California Public Records Act and the nonexclusive sections of 6254, 6255 and 6275 et seq. of the California Government Code. Unauthorized use or release of MAV and BWC recordings can subject the department, city, and their officials to civil and, in some cases, criminal liability. However, after consideration of any existing privacy rights, there may be a situation in which the department desires to release digital media in the interest of public safety, accountability, or transparency. Therefore, public release of any and all MAV and BWC recordings are subject to the prior review and authorization of the Chief of Police or his/her designee. Unauthorized use or release of MAV and BWC recordings in violation of confidentiality laws, state and federal laws, and department policies are considered misconduct and subject to disciplinary action.

#### **423.23 UNINTENDED OR ACCIDENTAL RECORDINGS**

In the event any employee inadvertently records anything with the MAV and/or BWC that is not evidentiary in nature or not part of an enforcement incident, the employee may request the video to be deleted. Examples of this would be the employee using the restroom, going into the locker room, or entering some other area with an expectation of privacy not related to an official investigation or incident.

The process to request such a deletion shall be the following:

misconduct is discovered during any review of digital data, the employee who discovered the conduct in question shall notify a supervisor immediately.

## Public Recording of Law Enforcement Activity

### 424.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

### 424.2 POLICY

The Covina Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

### 424.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
  - 1. Tampering with a witness or suspect.
  - 2. Inciting others to violate the law.
  - 3. Being so close to the activity as to present a clear safety hazard to the officers.
  - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

### 424.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

#### **424.5 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

#### **424.6 SEIZING RECORDINGS AS EVIDENCE**

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
  1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
  1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
  2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

## Medical Marijuana

### 425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

#### 425.1.1 DEFINITIONS

Definitions related to this policy include:

**Cardholder** - A person issued a current identification card.

**Compassionate Use Act (CUA)** (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

**Identification card** - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

**Medical marijuana** - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

**Medical Marijuana Program (MMP)** (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

**Patient** - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

**Primary caregiver** - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

**Statutory amount** - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

#### **425.2 POLICY**

It is the policy of the Covina Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Covina Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

#### **425.3 INVESTIGATION**

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

##### **425.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM**

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

##### **425.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER**

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Medical Marijuana*

---

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

#### 425.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

#### 425.3.4 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

#### 425.3.5 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Medical Marijuana*

---

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
  - 1. The suspect has been identified and can be easily located at a later time.
  - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
  - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
  - 4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
  - 1. The amount of marijuana recommended by a medical professional to be ingested.
  - 2. The quality of the marijuana.
  - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
  - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
  - 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

#### 425.3.6 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

- (c) Smoking marijuana (Health and Safety Code § 11362.79):
  - 1. In any place where smoking is prohibited by law.
  - 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
  - 3. On a school bus.
  - 4. While in a motor vehicle that is being operated.
  - 5. While operating a boat.
- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

#### **425.4 FEDERAL LAW ENFORCEMENT**

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

#### **425.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES**

The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau supervisor.

## Foot Pursuits

### 426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

### 426.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

### 426.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

#### **426.4 GENERAL GUIDELINES**

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.

### Covina PD Policy Manual

#### *Foot Pursuits*

---

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

#### **426.5 RESPONSIBILITIES IN FOOT PURSUITS**

##### **426.5.1 INITIATING OFFICER RESPONSIBILITIES**

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

##### **426.5.2 ASSISTING OFFICER RESPONSIBILITIES**

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Foot Pursuits*

---

##### **426.5.3 SUPERVISOR RESPONSIBILITIES**

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

##### **426.5.4 DISPATCH RESPONSIBILITIES**

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

##### **426.6 REPORTING REQUIREMENTS**

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
  - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.

- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

## Automated License Plate Readers (ALPRs)

### 427.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

### 427.2 POLICY

The policy of the Covina Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

### 427.3 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Covina Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Division Commander. The Administration Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

#### 427.3.1 ALPR ADMINISTRATOR

The Administration Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- (e) The title and name of the current designee in overseeing the ALPR operation.
- (f) Working with the Custodian of Records on the retention and destruction of ALPR data.
- (g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

##### **427.4 OPERATIONS**

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.
- (f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

##### **427.5 DATA COLLECTION AND RETENTION**

The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

##### **427.6 ACCOUNTABILITY**

All data will be closely safeguarded and protected by both procedural and technological means. The Covina Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

- (c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

#### **427.7 RELEASING ALPR DATA**

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
  1. The name of the agency.
  2. The name of the person requesting.
  3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

#### **427.8 TRAINING**

The Training Sergeant should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

# Homeless Persons

## 428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Covina Police Department recognizes that members of the homeless community are often in need of special protection and services. The Covina Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

### 428.1.1 POLICY

It is the policy of the Covina Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of all. Homelessness in itself is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

## 428.2 HOMELESS ASSISTANCE LIAISON

The City of Covina has an appointed Senior Housing & CDBG Economic Development Manager who serves as the City's Homeless Assistance Liaison. The Homeless Assistance Liaison will work collaboratively on homeless matters with the Captain, who may assign specific points of contact at the Department to address ongoing issues, and new issues as they arise. Department personnel assigned by the Captain, may be assigned specific responsibilities as needed.

## 428.3 FIELD CONTACTS

Officers may contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support reasonable suspicion or probable cause of criminal activity.

Officers may provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

### 428.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Homeless Persons*

---

- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

#### **428.4 PERSONAL PROPERTY**

Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the officer's responsibility to coordinate the removal and safekeeping of the property with the assistance of the supervisor, if necessary.

#### **428.5 ECOLOGICAL ISSUES**

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a report, investigation, and supporting photographs and supervisor notification.

## First Amendment Assemblies

### 429.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

### 429.2 POLICY

The Covina Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

### 429.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

##### 429.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

##### 429.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

##### 429.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

##### 429.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

#### *First Amendment Assemblies*

---

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

#### 429.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with City government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

#### 429.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

#### 429.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

#### 429.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

#### *First Amendment Assemblies*

---

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

#### **429.8 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL**

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
  1. A violation of an imposed curfew.
  2. A verbal threat.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *First Amendment Assemblies*

---

3. Noncompliance with a law enforcement directive.
  - (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

#### 429.8.1 USE SUMMARY

The Patrol Division Commander or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

#### 429.9 ARRESTS

The Covina Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

#### 429.10 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

#### 429.10.1 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest,

or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

#### **429.11 DEMOBILIZATION**

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

#### **429.12 POST EVENT**

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

##### **429.12.1 AFTER-ACTION REPORTING**

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

#### **429.13 TRAINING**

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Officers should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

### **429.14 ANTI-REPRODUCTIVE RIGHTS CALLS**

Officer response to public assemblies or demonstrations relating to anti-reproductive rights should be consistent with this policy (Penal Code § 13778.1).

## Civil Disputes

### 430.1 PURPOSE AND SCOPE

This policy provides members of the Covina Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

### 430.2 POLICY

The Covina Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

### 430.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

#### **430.4 COURT ORDERS**

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

##### **430.4.1 STANDBY REQUESTS**

Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

#### **430.5 VEHICLES AND PERSONAL PROPERTY**

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

#### **430.6 REAL PROPERTY**

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

# Suspicious Activity Reporting

## 431.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

### 431.1.1 DEFINITIONS

Definitions related to this policy include:

**Involved party** - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

**Suspicious activity** - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

**Suspicious Activity Report (SAR)** - An incident report used to document suspicious activity.

## 431.2 POLICY

The Covina Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

## 431.3 RESPONSIBILITIES

The Administration Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Administration Division Commander include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Suspicious Activity Reporting*

---

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

#### **431.4 REPORTING AND INVESTIGATION**

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any professional staff member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

#### **431.5 HANDLING INFORMATION**

The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Detective Bureau supervisor
- Crime Analysis Unit
- Other authorized designees

## Medical Aid and Response

### 432.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

### 432.2 POLICY

It is the policy of the Covina Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

### 432.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
  1. Signs and symptoms as observed by the member.
  2. Changes in apparent condition.
  3. Number of patients, sex, and age, if known.
  4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
  5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Medical Aid and Response*

---

#### **432.4 TRANSPORTING ILL AND INJURED PERSONS**

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

#### **432.5 PERSONS REFUSING EMS CARE**

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

#### **432.6 MEDICAL ATTENTION RELATED TO USE OF FORCE**

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

#### **432.7 AIR AMBULANCE**

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response. In these incidences, the handling officer or on-scene supervisor should:

- Designate a landing zone and determine the size of the landing zone.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Medical Aid and Response*

---

- Secure the area and maintain that security once the landing zone is identified.
- Ensure consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Ensure consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Ensure responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

#### **432.8 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION**

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

##### **432.8.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES**

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Watch Commander.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

##### **432.8.2 DESTRUCTION OF OPIOID OVERDOSE MEDICATION**

The designated Lieutenant shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

#### *Medical Aid and Response*

---

##### **432.8.3 OPIOID OVERDOSE MEDICATION REPORTING**

Any member administering opioid overdose medication should detail its use in an appropriate report.

The designated Lieutenant will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

##### **432.8.4 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT**

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

##### **432.8.5 OPIOID OVERDOSE MEDICATION TRAINING**

The designated Lieutenant should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

#### **432.9 SICK OR INJURED ARRESTEE**

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

#### **432.10 FIRST AID TRAINING**

The Training Sergeant should ensure officers receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

## **Chapter 5 - Traffic Operations**

## Traffic Function and Responsibility

### 500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations, but also in terms of traffic-related needs.

### 500.2 OFFICER DEPLOYMENT

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of collision causing violations during high collision hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high collision locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

### 500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

#### 500.3.1 WARNINGS

Warnings maybe considered in each situation and substituted for arrests or citations when circumstances warrant.

#### 500.3.2 CITATIONS

Citations should be issued when it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

#### *Traffic Function and Responsibility*

---

##### 500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear (CVC 40302 et seq.)
- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

##### 500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer should issue a traffic citation or make an arrest pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation, and will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

##### 500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

##### 500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

## Traffic Collision Reporting

### 501.1 PURPOSE AND SCOPE

The Covina Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

### 501.2 TRAFFIC COLLISION REPORTING

The Traffic Sergeant will be responsible for monthly and quarterly reports on traffic collision statistics to be forwarded to the Patrol Division Commander, or other persons as required.

### 501.3 REPORTING SITUATIONS

#### 501.3.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle.

Photographs of the vehicle damage shall be taken and an on-duty supervisor shall submit an inter-office memorandum to the Operations Captain.

#### 501.3.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Covina Police Department resulting in a serious injury or fatality, the Traffic Sergeant or the Watch Commander, should notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

#### 501.3.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

The on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

#### 501.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

#### 501.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

# Covina Police Department

### Covina PD Policy Manual

#### *Traffic Collision Reporting*

---

- (a) When there is a death or injury to any persons involved in the collision
- (b) When a report is requested by any involved driver

#### **501.4 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION**

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Sergeant to relate the circumstances of the traffic collision and seek assistance from the Traffic Bureau. In the absence of a Traffic Sergeant, the Watch Commander or any supervisor may assign a traffic officer to investigate the traffic collision.

## Vehicle Towing and Release

### 502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Covina Police Department. Nothing in this policy shall require the Department to tow a vehicle.

### 502.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

#### 502.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

#### 502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, the contract tow company will be called.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the contract tow company. The officer will then store the vehicle using a CHP Form 180.

#### 502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.

# Covina Police Department

## Covina PD Policy Manual

#### *Vehicle Towing and Release*

---

- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

#### 502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

#### 502.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

#### 502.2.6 VEHICLES STORED AS EVIDENCE

A vehicle impounded pursuant to Vehicle Code 22655.5 and brought to the Covina Police Department to be processed as evidence, shall be released back to the responsible party immediately after all evidence is processed. If the responsible party cannot be immediately contacted by the impounding officer, or is unavailable to respond immediately and assume custody of the vehicle, the vehicle will be stored at the official tow service facility, and notifications to the responsible party will take place as outlined in 502.2.8 RECORDS BUREAU RESPONSIBILITY.

The impounding officer will note on the original CHP 180 form, the date and time of these notifications as well as the effective date and time of the release from the evidence hold.

When a vehicle cannot be immediately processed for evidence, or when the impounding officer believes further evidence processing is needed by additional investigating personnel, the impounding officer will make telephone and/or email notification to the Unit Supervisor regarding the status of the vehicle, and the need to review the facts of the case to determine the vehicle's

suitability for release back to the responsible party. The Unit Supervisor will then assign the matter to a Detective or Traffic Officer for immediate follow up. Once the handling detective/officer makes a determination there is no longer a need to retain the vehicle as evidence, he/she will contact the responsible party and arrange for the release of the vehicle.

The handling detective/officer will note on the original CHP 180 form the date and time of these notifications as well as the effective date and time of the release from the evidence hold. The handling detective/officer shall ensure the Records Bureau Supervisor is made aware of the need to make notification to the responsible party as outlined in 502.2.8 RECORDS BUREAU RESPONSIBILITY.

#### **502.2.7 DISPATCHER'S RESPONSIBILITIES**

Upon receiving a request for towing, the dispatcher shall promptly telephone the contract tow company. The officer shall be advised when the request has been made and the towing service has been dispatched.

#### **502.2.8 RECORDS BUREAU RESPONSIBILITY**

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name and address of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

#### **502.3 TOWING SERVICES**

The City of Covina contracts with a firm to act as the official tow service. The contract tow company will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.

#### *Vehicle Towing and Release*

---

- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

#### **502.4 VEHICLE INVENTORY**

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

#### **502.5 SECURITY OF VEHICLES AND PROPERTY**

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

#### **502.6 RELEASE OF VEHICLE**

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
  1. The vehicle was stolen.
  2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
  3. Any other circumstance as set forth in Vehicle Code § 14602.6.

#### *Vehicle Towing and Release*

4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
  - (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

#### **502.7 TOWING FOR EXPIRED REGISTRATION**

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

## Vehicle Impound Hearings

### 503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

### 503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Covina Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted during lobby hours. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

#### 503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Watch Commander will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

## Impaired Driving

### 504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

### 504.2 POLICY

The Covina Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

### 504.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

### 504.4 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Impaired Driving*

---

- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

#### 504.4.1 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

#### 504.4.2 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, the person shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy the person's obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

#### 504.4.3 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of the person's blood, breath, or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

#### 504.4.4 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of the person's blood or breath, and the officer shall advise the person that the person has that choice. If the person arrested either is incapable, or states that the person is incapable, of completing the chosen test, the person shall submit to the remaining test.

# Covina Police Department

### Covina PD Policy Manual

#### *Impaired Driving*

---

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

##### 504.4.5 BREATH SAMPLES

The Traffic Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Sergeant.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

##### 504.4.6 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

##### 504.4.7 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

# Covina Police Department

#### *Impaired Driving*

---

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain the arrestee's dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

#### **504.5 REFUSALS**

When an arrestee refuses to provide a viable chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

##### **504.5.1 STATUTORY NOTIFICATIONS UPON REFUSAL**

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

##### **504.5.2 BLOOD SAMPLE WITHOUT CONSENT**

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

##### **504.5.3 FORCED BLOOD SAMPLE**

If an arrestee indicates by word or action that the person will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

- (c) Advise the person of the person's duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
  - 1. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
  - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
  - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
  - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

#### **504.6 ARREST AND INVESTIGATION**

##### **504.6.1 WARRANTLESS ARREST**

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic crash.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to themselves or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

##### **504.6.2 OFFICER RESPONSIBILITIES**

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).

The Records Supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

#### **504.7 TRAINING**

The Training Sergeant should ensure that officers participating in the enforcement of DUI laws receive regular training. This policy outlines the procedure for dismissal, correction, and voiding of traffic citations.

### 505.2 DISMISSAL OF TRAFFIC CITATIONS

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)).

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal.

### 505.3 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor, and forwarded to the Operations Captain to approve the voiding of the citation.

### 505.4 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit a Notice of Correction (NOC) request to the Court Officer, Records Clerk assigned to the Detective Bureau, or a Records Clerk with administrative access to Brazos. The NOC can be made in person, by email or telephonically. This procedure applies to citations returned by the court. The Court Officer will deliver the NOC to the court of jurisdiction.

### 505.5 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the Records Bureau.

### 505.6 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

#### 505.6.1 APPEAL STAGES

Appeals may be pursued sequentially at three different levels (Vehicle Code § 40215; Vehicle Code § 40230):

- (a) Administrative reviews are conducted by the Records Supervisor who will review written/documentary data. Requests for administrative reviews are available at the front desk of the Covina Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be submitted by mail or dropped off in person.

#### 505.6.3 COSTS

- (a) There is no cost for an administrative review.
- (b) Appellants must deposit the full amount due for the citation before receiving an administrative hearing, unless the person is indigent, as defined in Vehicle Code § 40220, and provides satisfactory proof of inability to pay (Vehicle Code § 40215).
- (c) An appeal through Superior Court requires prior payment of filing costs, including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

## Disabled Vehicles

### 506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

### 506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

### 506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources, and the vulnerability of the disabled motorist.

#### 506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

#### 506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

#### 506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

### 506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

## 72-Hour Parking Violations

### 507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Covina City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

### 507.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Covina 72-Hour Parking Ordinance shall be marked with chalk on the sidewall of the rear tire. The marking should include the date and time, the employee's ID number, and with a line extending from the tire to the asphalt to make it more apparent if the vehicle is moved after being marked. The employee marking the tire should also leave a Covina Police Department Parking Warning on the windshield of the vehicle indicating the violation, and the date/time the vehicle is subject to being impounded.

#### 507.2.1 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP 180) shall be completed by the officer authorizing the storage of the vehicle. The impounding employee should use a Department issued digital camera to document the vehicle at its location at the time of the impound, the marking on the tire, and the warning on the windshield, and download the photos into evidence under the incident number associated with the CHP 180.

Immediately following the storage of the vehicle, the employee authorizing the storage shall notify Dispatch, who will enter the stored vehicle into the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

## **Chapter 6 - Investigation Operations**

## Investigation and Prosecution

### 600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

### 600.2 POLICY

It is the policy of the Covina Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

### 600.3 INITIAL INVESTIGATION

#### 600.3.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
  1. An initial statement from any witnesses or complainants.
  2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the officer shall:
  1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
  2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
  3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
  4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
  5. Collect any evidence.
  6. Take any appropriate law enforcement action.
  7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

#### 600.3.2 PROFESSIONAL STAFF MEMBER RESPONSIBILITIES

A Community Service Officer (CSO) or other professional staff member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

#### **600.4 CUSTODIAL INTERROGATION REQUIREMENTS**

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

##### 600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

##### 600.4.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

#### **600.5 DISCONTINUATION OF INVESTIGATIONS**

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
  - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
  - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

##### **600.6 COMPUTERS AND DIGITAL EVIDENCE**

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

##### **600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times, and locations of the information and report the discovery to the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

###### **600.7.1 ACCESS RESTRICTIONS**

Information that can be accessed from any department computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

##### **600.10 USE OF CERTAIN DNA SAMPLES**

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

##### **600.11 ANTI-REPRODUCTIVE RIGHTS CRIMES**

A member should take a report any time a person living within the jurisdiction of the Covina Police Department reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

The Detective Bureau supervisor should provide the Records Supervisor with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Records Bureau Policy for additional guidance.

##### **600.12 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS**

###### **600.12.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM**

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Department as lost or stolen, the Detective Bureau supervisor shall assign an officer to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code §11108.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Department (Penal Code § 28220).

The Detective Bureau supervisor shall designate a member to have access to the Armed Prohibited Persons System (APPS) to receive information regarding individuals in the jurisdiction of the Department who have become a prohibited possessor of a firearm registered in their name and have not provided proof of relinquishment. The member shall document steps taken to verify that the individual is no longer in possession of firearms and provide the information to the Records Bureau for preparation of a quarterly report to the California DOJ (Penal Code § 29813) (see the Records Bureau Policy for additional guidance).

# Sexual Assault Investigations

## 601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

### 601.1.1 DEFINITIONS

Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

## 601.2 POLICY

It is the policy of the Covina Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

## 601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

#### *Sexual Assault Investigations*

##### **601.4 REPORTING**

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

##### **601.5 VICTIM INTERVIEWS**

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

When practical, in-depth follow-up interviews maybe conducted after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to a date and time deemed reasonable and appropriate under the totality of circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

##### **601.5.1 VICTIM RIGHTS**

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

- (a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
  1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
  2. A support person may be excluded from the examination by the officer or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

##### 601.5.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

##### **601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE**

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately (Penal Code § 680).

##### 601.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private vendor laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to

update the status every 120 days thereafter until the testing is complete, the statute of limitations has run, or the SAFE kit is exempt from the update requirement (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

#### 601.6.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
  - 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
  - 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Sexual assault victims shall further have the following rights (Penal Code § 680):
  - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
  - 2. To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
  - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
  - 4. To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.

request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

#### **601.6.3 COLLECTION OF DNA REFERENCE SAMPLES**

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

#### **601.7 DISPOSITION OF CASES**

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

#### **601.8 RELEASING INFORMATION TO THE PUBLIC**

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

#### **601.9 TRAINING**

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
  1. Initial response to sexual assaults.
  2. Legal issues.
  3. Victim advocacy.
  4. Victim's response to trauma.
  5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:

#### 602.1.1 DEFINITIONS

Definitions related to this policy include:

**Fiscal agent** - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Covina Police Department seizes property for forfeiture or when the Covina Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Forfeiture reviewer** - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

  5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.

- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
  - 1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
  - 2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

**Seizure** - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

#### **602.2 POLICY**

The Covina Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Covina Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

#### **602.3 ASSET SEIZURE**

Property may be seized for forfeiture as provided in this policy.

##### **602.3.1 PROPERTY SUBJECT TO SEIZURE**

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
  - 1. The property subject to forfeiture is legally seized incident to an arrest.
  - 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

#### *Asset Forfeiture*

---

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

#### 602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

#### 602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

#### 603.1.1 DEFINITIONS

Definitions related to this policy include:

**Informant** - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Covina Police Department for law enforcement purposes. ### 603.2 POLICY

The Covina Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

### 603.3 USE OF INFORMANTS

#### 603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

#### 603.3.2 JUVENILE INFORMANTS

##### **603.3.3 INFORMANT AGREEMENTS**

All informants are required to sign and abide by the provisions of the designated Covina Police Department department Informant Agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor, who must also interview the informant and discuss each of the provisions of the agreement before it is finalized with the informant.

##### **603.4 INFORMANT INTEGRITY**

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigation Bureau supervisor or their authorized designees.
  - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.

- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

##### **603.4.1 UNSUITABLE INFORMANTS**

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a

determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.

- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

#### **603.5 INFORMANT FILES**

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Detective Bureau. The Detective Bureau Lieutenant or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Administration Captain, Detective Bureau supervisor or their authorized designees.

The Administration Captain should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Detective Bureau supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

##### **603.6 INFORMANT PAYMENTS**

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Detective Bureau supervisor will discuss the above factors with the Administrative Captain and recommend the type and level of payment subject to approval by the Chief of Police.

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

## Eyewitness Identification

### 604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

#### 604.1.1 DEFINITIONS

Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

### 604.2 POLICY

The Covina Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

### 604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

### 604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

Whenever possible, the eyewitness identification process for use by members when they are conducting eyewitness identifications should include documentation of:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (e) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (f) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

#### *Eyewitness Identification*

---

- (g) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

#### **604.5 EYEWITNESS IDENTIFICATION**

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

#### **604.6 FIELD IDENTIFICATION CONSIDERATIONS**

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
  1. The length of time the witness observed the suspect.
  2. The distance between the witness and the suspect.
  3. Whether the witness could view the suspect's face.
  4. The quality of the lighting when the suspect was observed by the witness.
  5. Whether there were distracting noises or activity during the observation.
  6. Any other circumstances affecting the witness's opportunity to observe the suspect.
  7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

#### *Eyewitness Identification*

---

- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

#### **604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS**

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

##### **604.6.1 OTHER SAFEGUARDS**

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

#### **604.6 DOCUMENTATION**

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

##### 604.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

## Brady Material Disclosure

### 605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

#### 605.1.1 DEFINITIONS

Definitions related to this policy include:

**Brady information** -Information known or possessed by the Covina Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

### 605.2 POLICY

The Covina Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Covina Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

### 605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

### 605.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

---

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
  1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

#### **605.5 INVESTIGATING BRADY ISSUES**

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

#### **605.6 TRAINING**

Department members should receive periodic training on the requirements of this policy.

### 703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Covina to provide assigned take-home vehicles.

### 703.2 POLICY

The Covina Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments, and other considerations.

### 703.3 USE OF VEHICLES

#### 703.3.1 SHIFT ASSIGNED VEHICLES

The Watch Commander shall ensure a copy of the shift assignment roster indicating member assignments and vehicle numbers is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during the member's shift, the new vehicle number shall be documented on the roster.

#### 703.3.2 OTHER USE OF VEHICLES

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. A notation will be made on the shift assignment roster indicating the member's name and vehicle number.

This subsection does not apply to those who are assigned to vehicle transportation duties to and from the maintenance yard or carwash.

#### 703.3.3 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any person in custody, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

#### *Vehicle Use*

---

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

#### 703.3.4 SECURITY AND UNATTENDED VEHICLES

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

#### 703.3.5 MDC

Members assigned to vehicles equipped with a Mobile Digital Computer (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify Dispatch. Use of the MDC is governed by the Mobile Digital Computer Use Policy.

#### 703.3.6 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Operations Captain approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

#### 703.3.7 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported via inter-office memorandum through the member's chain of command.

##### **703.4.1 ON-DUTY USE**

  - (b) Foot pursuits.
  - (c) Assignment of emergency response.
- (h) Perform Matron duties and other duties as assigned.

#### **801.4 CALL HANDLING**

##### Telephone Communications with the Public

The telephone is the primary method by which the services of the Department are requested. All incoming telephone calls must be answered as promptly as possible to determine if a need for police service exists, and if so, to provide the required service.

##### Telephone Courtesy

In answering telephone calls, employees should courteously greet the caller, identify their units and themselves, and ask to be of assistance. Employees should make every reasonable attempt to either supply requested information and assistance, or to promptly refer the party to the proper Department unit, or other public or private agency for assistance.

This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

##### **801.4.2 NON-EMERGENCY CALLS**

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Detective Bureau Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Detective Bureau Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

---

The Administration Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

#### **803.5 ARREST WITHOUT FILING OF ACCUSATORY PLEADING**

The Patrol Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- (a) The individual is issued a certificate describing the action as a detention.
- (b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.
- (c) The California DOJ is notified.

#### **803.6 FILE ACCESS AND SECURITY**

The security of files in the Records Bureau must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Bureau, accessible only by authorized members of the Records Bureau. Access to case reports or files when Records Bureau staff is not available may be obtained through the Watch Commander.

The Records Bureau will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

#### **803.7 ORIGINAL CASE REPORTS**

Generally, original case reports shall not be removed from the Records Bureau. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Records Supervisor. All original case reports removed from the Records Bureau shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Bureau.

All original case reports to be removed from the Records Bureau shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Bureau. The photocopied report shall be shredded upon return of the original report to the file.

#### **803.8 CONFIDENTIALITY**

Records Bureau staff has access to information that may be confidential or sensitive in nature. Records Bureau staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records

## Restoration of Firearm Serial Numbers

### 804.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

### 804.2 PROCEDURE

Any firearm coming into the possession of the Covina Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

#### 804.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

#### 804.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property entry that serial numbers have been removed or obliterated.

##### **804.2.3 OFFICER RESPONSIBILITY**

The Evidence Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

##### **804.2.4 DOCUMENTATION**

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received.

##### **804.2.5 FIREARM TRACE**

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

##### **804.3 BULLET AND CASING IDENTIFICATION**

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

## Records Maintenance and Release

### 805.1 PURPOSE AND SCOPE

##### 805.4.1 REQUESTS FOR RECORDS

Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 7922.530).

The processing of requests for any record is subject to the following (Government Code § 7922.530; Government Code § 7922.535):

- (a) The Department is not required to create records that do not exist.
- (b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. - (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
  - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 7922.600).
  - 2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.
- (d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 7922.570; Government Code § 7922.580).
- (e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure. The written response shall also include the names, titles, or positions of each person responsible for the denial (Government Code § 7922.000; Government Code § 7922.540).

#### **805.6 SUBPOENAS AND DISCOVERY REQUESTS**

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

Each audio/video recording released should include the department name and to whom the record was released.

#### **805.8 SEALED RECORD ORDERS**

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Supervisor shall ensure that the required notations on local summary criminal history information and police

##### **805.9 SECURITY BREACHES**

The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

  - 1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
  - 2. When the breach involves an email address that was furnished by the Covina Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

- (a) Notice may be provided by one of the following methods (Civil Code § 1798.29):
  - 1. Written notice.
  - 2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.
  - 3. Substitute notice if the cost of providing notice would exceed \$250,000, the number of individuals exceeds 500,000 or the Department does not have

sufficient contact information. Substitute notice shall consist of all of the following:

- (a) Email notice when the Department has an email address for the subject person.
  - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
- (b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

#### **805.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS**

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 7923.625).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

##### **805.10.1 DELAY OF RELEASE**

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

##### 805.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (a) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

##### 805.10.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

##### 805.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- (a) The person in the recording whose privacy is to be protected, or the person's authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

##### **806.4.1 PENALTIES FOR MISUSE OF RECORDS**

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

#### **806.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION**

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

##### **806.5.1 REVIEW OF CRIMINAL OFFENDER RECORD**

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

#### *Protected Information*

---

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.

## Computers and Digital Evidence

### 807.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

### 807.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
  1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
  2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (f) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (g) At minimum, officers should document the following in related reports:
  1. Where the computer was located and whether or not it was in operation.
  2. Who was using it at the time.
  3. Who claimed ownership.
  4. If it can be determined, how it was being used.
- (h) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media.

##### **807.2.1 BUSINESS OR NETWORKED COMPUTERS**

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

##### **807.2.2 FORENSIC EXAMINATION OF COMPUTERS**

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

##### **807.3 SEIZING DIGITAL STORAGE MEDIA**

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.
- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (e) When possible, use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

##### **807.4 SEIZING PCDS**

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) If possible, the device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units if possible. If the batteries go dead all the data may be lost.

#### **807.5 DIGITAL EVIDENCE RECORDED BY OFFICERS**

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

##### **807.5.1 COLLECTION OF DIGITAL EVIDENCE**

The following are required procedures for the submission of digital media used by cameras or other recorders:

- (a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.

##### **807.5.3 PRESERVATION OF DIGITAL EVIDENCE**

- (a) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (b) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

## Animal Control

### 808.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

### 808.2 POLICY

It is the policy of the Covina Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

### 808.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
  - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.

---

2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

#### **808.5 DECEASED ANIMALS**

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity. Inland Valley Humane should be contacted for removal of the deceased animal.

#### **808.6 INJURED ANIMALS**

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, Inland Valley Humane should be contacted to handle the matter to conclusion.

##### **808.6.1 RESCUE OF ANIMALS IN VEHICLES**

If an animal left unattended in a vehicle appears to be in distress, members may enter the vehicle for the purpose of rescuing the animal. Members should (Penal Code § 597.7(d)):

- (b) Take steps to minimize damage to the vehicle.

- (d) Leave notice on or in the vehicle identifying the location where the animal has been taken and the name and Department of the member involved in the rescue.
- (e) Make reasonable efforts to contact the owner or secure the vehicle before leaving the scene.
- (f) Contact Inland Valley Humane to take custody of the animal.

#### **808.7 ANIMAL CRUELTY COMPLAINTS**

Laws relating to the cruelty to animals should be enforced, including but not limited to Penal Code § 597 et seq. (cruelty to animals, failure to care for animals).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

#### **808.8 ANIMAL BITE REPORTS**

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

##### **808.9 STRAY DOGS**

If a stray dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is unable to respond to care for the dog in a timely manner, the matter should be referred to Inland Valley Humane Society.

##### **808.10 DANGEROUS ANIMALS**

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Watch Commander will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

##### **808.11 PUBLIC NUISANCE CALLS RELATING TO ANIMALS**

Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues. A decision to non-response calls of this nature rest with the on-duty Watch Commander, who should consider the totality of circumstances before making his/her decision.

##### **808.12 DESTRUCTION OF ANIMALS**

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to the individual's health or safety.

## 901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Covina Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

### 901.1.1 DEFINITIONS

Definitions related to this policy include:

**Physical body cavity search** - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach, rectal cavity, or vagina of an individual.

**Strip search** - A search that requires an individual to remove or rearrange some or all of the individual's clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus, or outer genitalia. This includes monitoring an individual who is changing clothes, where the individual's underclothing, buttocks, genitalia, or female breasts are visible.

## 901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

## 901.3 FIELD AND TRANSPORTATION SEARCHES

All envelopes should clearly indicate the contents on the front. The department member sealing it should place the member's initials across the sealed flap. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for individuals in custody or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Watch Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of individuals in custody or members who have reported sexual abuse and of those who were reported to have suffered sexual abuse. #### **1000.8 PROBATIONARY PERIODS**

The Captain should coordinate with the Covina Human Resources Department to identify positions subject to probationary periods and procedures for:

- (a) Appraising performance during probation.

## Evaluation of Employees

### 1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

### 1001.2 POLICY

The Covina Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

### 1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and professional staff supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

## Grievance Procedure

### 1003.1 PURPOSE AND SCOPE

It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department's philosophy is to promote a free verbal communication between employees and supervisors.

#### 1003.1.1 GRIEVANCE DEFINED

A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- The employee bargaining agreement (Memorandum of Understanding)
- This Policy Manual
- City rules and regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state, or local law as set forth in the Personnel Complaint Policy.

### 1003.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Commander of the affected division or bureau.
- (c) If a successful resolution is not found with the Division Commander, the employee may request a meeting with the Chief of Police.
- (d) If the employee and the Chief of Police are unable to arrive at a mutual solution, then the employee shall proceed as follows:
  1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor and include the following information:

The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

#### **1003.3 EMPLOYEE REPRESENTATION**

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

#### **1003.4 GRIEVANCE RECORDS**

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.

#### **1003.5 GRIEVANCE AUDITS**

The Training Sergeant shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Training Sergeant shall record these findings in a confidential and generic memorandum to the Chief of Police without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Training Sergeant should promptly notify the Chief of Police.

##### 1004.3.1 AIB HEARING

##### **1004.4 AIB - INJURY COLLISIONS**

The involved employee has an obligation to provide an account of the incident in the form of a police report, supplemental report, or statement to the investigating authority. No statement should be taken by the supervisor completing the civil investigation.

## Anti-Retaliation

### 1005.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

### 1005.2 POLICY

The Covina Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

### 1005.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

##### 1005.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

##### **1005.4 COMPLAINTS OF RETALIATION**

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Manager.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

##### **1005.5 SUPERVISOR RESPONSIBILITIES**

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

#### *Anti-Retaliation*

---

- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

#### **1005.6 CAPTAIN RESPONSIBILITIES**

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

#### **1005.7 WHISTLE-BLOWING**

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Chief of Police via chain of command. The Chief of Police will assign an investigator.

##### **1005.7.1 DISPLAY OF WHISTLE-BLOWER LAWS**

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

##### **1005.8 RECORDS RETENTION AND RELEASE**

The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

##### **1005.9 TRAINING**

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

# Reporting of Arrests, Convictions, and Court Orders

## 1006.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Covina Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

## 1006.2 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and California law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

## 1006.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on a member's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

## 1006.4 REPORTING

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or foreign country, regardless of whether or not the matter

was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing their duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

#### 1006.4.1 NOTIFICATION REQUIREMENTS

The Administration Division Commander shall submit within 10 days of final disposition a notice to POST of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

#### 1006.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

##### **1006.5.1 NOTIFICATION REQUIREMENTS**

The Administration Division Commander shall submit within 10 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Administration Division Commander shall submit within 10 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).

##### **1006.6 POLICY**

The Covina Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

## Drug- and Alcohol-Free Workplace

### 1007.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

### 1007.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

### 1007.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

#### 1007.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

#### 1007.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

### 1007.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

#### *Drug- and Alcohol-Free Workplace*

---

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

#### **1007.5 EMPLOYEE ASSISTANCE PROGRAM**

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Human Resources Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

#### **1007.6 WORK RESTRICTIONS**

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

#### **1007.7 SCREENING TESTS**

A supervisor may require an employee to submit to a screening under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

##### **1007.7.1 SUPERVISOR RESPONSIBILITIES**

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.

- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

#### **1007.7.2 SCREENING TEST REFUSAL**

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates any provisions of this policy.

#### **1007.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT**

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

#### **1007.9 CONFIDENTIALITY**

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

## Sick Leave

### 1008.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

### 1008.2 POLICY

It is the policy of the Covina Police Department to provide eligible employees with a sick leave benefit.

### 1008.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

#### 1008.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246 ).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

### 1008.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return

to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

#### **1008.1 SUPERVISOR RESPONSIBILITIES**

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Human Resources Department as appropriate.
- (c) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
  - 1. Negatively affected the member's performance or ability to complete assigned duties.
  - 2. Negatively affected department operations.
- (d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

# Communicable Diseases

## 1009.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

### 1009.1.1 DEFINITIONS

Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Covina Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

## 1009.2 POLICY

The Covina Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

Also see the City of Covina Bloodborne Pathogen program policy: [City of Covina Bloodborne Pathogens Program Policy.pdf](#)

## 1009.4 EXPOSURE CONTROL OFFICER

The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
  1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

  6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).
- (f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title, and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

#### **1009.6 EXPOSURE PREVENTION AND MITIGATION**

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

#### **1009.7 CONFIDENTIALITY OF REPORTS**

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

#### **1009.8 POST EXPOSURE**

##### 1009.8.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

##### 1009.8.1 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communicable Diseases*

---

- (a) Name and Social Security number of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

#### 1009.8.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

#### 1009.8.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

#### 1009.8.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.

# Covina Police Department

## Covina PD Policy Manual

### Covina PD Policy Manual

#### *Communicable Diseases*

---

- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- (c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

#### **1009.7 TRAINING**

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

### 1010.2 POLICY

## Personnel Complaints

### 1011.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Covina Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

### 1011.2 POLICY

The Covina Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

### 1011.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

#### 1011.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

**Informal** - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

**Formal** - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards, depending on the seriousness and complexity of the investigation.

**Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

- (b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

##### **1011.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS**

###### 1011.4.1 COMPLAINT FORMS

Personnel complaint forms will be made available to any person who notifies any employee that they want a form, or that says they want to file a complaint against a Department employee.

###### 1011.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs, or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of the complaining party's statement at the time it is filed with the Department (Penal Code § 832.7).

##### **1011.5 ADMINISTRATIVE INVESTIGATIONS**

Allegations of misconduct will be administratively investigated as follows.

###### **1011.5.1 SUPERVISOR RESPONSIBILITIES**

Only the Chief of Police may authorize an administrative investigation to be initiated. The Chief has discretion to designate the individual(s) who will conduct an administrative investigation, including but not limited to a private investigator.

A supervisor shall not conduct investigation of alleged misconduct without authorization from the Chief of Police. However, in addition to reporting the potential misconduct to the watch commander, a supervisor shall also preserve existing evidence of potential misconduct that is already presented and/or available to, or possessed by the supervisor to ensure that it is not lost, destroyed or otherwise becomes unavailable pending authorization from the Chief to initiate an investigation, including but not limited to taking photographs of alleged injuries and accessible uninjured areas. The mere preservation of evidence does not constitute the initiation of an investigation.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation, including ensuring immediate medical attention is provided. Preventing the aggravation of a situation shall not constitute authorizing the initiation of an investigation.

If a personnel complaint involves possible criminal violations, a supervisor may conduct a criminal investigation that is concerned solely and directly with any alleged criminal activities.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
  - 1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command.
  - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter up the chain of command.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately without any investigation.
  - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
  - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.
- (d) Ensuring that upon receipt of a complaint that may require additional investigation, the Watch Commander and the Chief of Police are notified via the chain of command

as soon as practicable. Only the Chief of Police may authorize the initiation of an investigation.

- (e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Watch Commander, who will report the matter up the chain of command to the Chief of Police to determine how to proceed.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) If authorized by the Chief of Police, investigating a complaint by making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
- (i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
- (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

#### 1011.5.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

The following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

- (a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.
- (b) Unless waived by the member, interviews of an accused member shall be at the Covina Police Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of an accused member.
- (d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.
- (e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.
- (f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
  - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable

steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
  - (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
  - (j) All members shall provide complete and truthful responses to questions posed during interviews.
  - (k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

#### 1011.5.3 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

#### 1011.5.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

**Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

# Covina Police Department

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

**Sustained** - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

#### 1011.5.5 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

The appropriate Captain should provide the complainant with periodic updates on the status of the investigation, as appropriate.

#### 1011.6 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

#### 1011.6.1 DISCLOSURE OF FINANCIAL INFORMATION

An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

- (a) Pursuant to a state law or proper legal process
- (b) Information exists that tends to indicate a conflict of interest with official duties
- (c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

#### 1011.7 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

- (c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

#### **1011.8 CRIMINAL INVESTIGATION**

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Covina Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

#### **1011.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES**

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

##### **1011.9.1 CHIEF OF POLICE RESPONSIBILITIES**

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

- (a) Access to all of the materials relied upon by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond will be governed by the applicable MOU.

1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

#### **1011.9.2 NOTICE REQUIREMENTS**

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

#### **1011.9.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT**

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)).

#### **1011.10 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE**

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (Penal Code § 13510.8).

#### **1011.11 PROBATIONARY EMPLOYEES AND OTHER MEMBERS**

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

## Seat Belts

### 1012.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

#### 1012.1.1 DEFINITIONS

Definitions related to this policy include:

**Child restraint system** - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

#### 1012.1 POLICY

It is the policy of the Covina Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

#### 1012.4 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

#### 1012.2 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

#### 1012.7 TRANSPORTING PERSONS IN CUSTODY

Persons who are in custody should be in a seated position and secured in the rear seat of any department vehicle with a restraint system or, when a restraint system is not available, by seat

belts provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

An incarcerated person in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

#### **1012.8 INOPERABLE SEAT BELTS**

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

#### **1012.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS**

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

#### **1012.8 VEHICLE AIRBAGS**

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

## Body Armor

### 1013.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

### 1013.2 POLICY

It is the policy of the Covina Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

### 1013.3 ISSUANCE OF BODY ARMOR

Body armor that meets or exceeds the standards of the National Institute of Justice shall be issued to all officers when the officer begins service at the Covina Police Department.

The Lieutenant who manages the Department Range shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

#### 1013.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear agency-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform.
- (e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

#### 1013.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections.

#### 1013.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

#### *Body Armor*

---

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

#### **1013.4 RANGEMASTER RESPONSIBILITIES**

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates officers about the safety benefits of wearing body armor.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the City Manager, City Attorney or other attorneys or representatives of the City in connection with official business.

##### **1014.6.1 REQUESTS FOR DISCLOSURE**

Any member receiving a request for a personnel record shall promptly notify the Custodian of Records, Captain or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member and Division Captain as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

##### **1014.6.2 RELEASE OF PERSONNEL INFORMATION**

Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

##### 1014.6.4 RELEASE OF PEACE OFFICER RECORDS RELATING TO HATE COMPLAINTS

Records relating to an officer for an investigation of a hate complaint described in Penal Code § 13682 with a sustained finding that the officer engaged in membership in a hate group, participated in a hate group activity, or advocacy of public expressions of hate are not confidential and shall be made available for public inspection though a public records request (Penal Code § 13683).

Records disclosed may be redacted as provided in Penal Code § 13683.

##### **1014.7 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS**

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, whether the officer's action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

- (a) Records relating to the report, investigation, or findings of:
  1. The discharge of a firearm at another person by an officer.

3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
  4. A sustained finding that an officer failed to intervene against another officer using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the Department or oversight agency regarding:
1. An officer engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
  2. Dishonesty of an officer relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another officer, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
  3. An officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
  4. An officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the officer resigns before the Department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(5)).

#### 1014.7.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers

outweighs the strong public interest in records about possible misconduct and use of force

- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

#### 1014.7.2 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
  - 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
    - (a) When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

#### 1014.7.3 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations

- (b) Filed criminal charges
1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
1. Disclosure may be delayed until:
    - (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

#### **1014.8 MEMBERS' ACCESS TO THEIR PERSONNEL RECORDS**

Any member may request access to the member's own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from the member's personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

- (b) Confidential portions of internal affairs files that have not been sustained against the member.
- (c) Criminal investigations involving the member.
- (d) Letters of reference concerning employment/appointment, licensing, or issuance of permits regarding the member.

## Peer Support Program

### 1017.1 PURPOSE AND SCOPE

Almost everyone has experience or will experience, a stressful situation in his/her lifetime. It is during these times that family and friends come to the rescue. They are able to provide needed support and understanding that help overcome life's problems. The Peer Support Program is one of those "friends" who is available to every Covina Police Department employee.

This policy has three specific objectives:

- (a) It provides a background for understanding the department's Peer Support Program;
- (b) It provides practical guidelines for management of the program;
- (c) It provides the members with guidelines for assisting their peers.

This policy is divided into two sections. Section One contains a description of the program, including the roles of the organizational components. In addition, it contains an outline of the information and a listing of procedures for practical administrations of the program.

Section Two describes the skills and techniques that may be used by a member to assist persons who are faced with stressful situations. Each member must comply with the policies and procedures outlined in this policy.

As the Peer Support Program matures, policy and procedure changes are inevitable. The program Coordinator and the Members shall be required to keep open lines of communication to facilitate this evolving process. Effective, honest communication in a caring environment, balanced by the program protocol, will greatly enhance the opportunity for a successful program.

#### 1017.1.1 DEFINITION

The Peer Support Program is a Program that offers assistance and appropriate support resources to employees when personal or professional problems negatively affect their work performance, family unit or self. - (b) Promote trust, allow anonymity, and preserve confidentiality for persons using Peer Support within the guidelines of the program.
- (c) Develop Members who can identify personal conflicts and provide guidance or referral to professional\alternate resources as required.

##### **1017.2 MISSION STATEMENT**

The Covina Police Department has recognized the value of providing a way for their employees and their family members to deal with personal and/or professional problems. A successful approach to this problem has been to provide a program which offers a non-professional (peer) support program in addition to the current professional Employee Assistance Program (EAP). The peer support program is composed of a group of peers who have volunteered to make themselves available to any Member of the department. This will provide a way for the Covina Police Department employees to talk out personal and/or professional problems with someone who understands and cares.

The Covina Police Department's most valuable resource is it's employees. The peer support program's goal is to assist peers with stresses caused by personal and/or professional problems and help them continue to be a productive Member of the Covina Police Department.

##### **1017.3 ROLE OF MEMBERS**

The Member provides assistance to employees in time of stress and crisis. The responsibilities of Members are as follows:

- (a) Provide trust, anonymity and assure confidentiality within guidelines to employees who seek assistance from the Peer Support Program.
- (b) Attend the Peer Support training seminars: Additional training will be required as this program evolves.
- (c) Provide assistance and support on a voluntary basis to employees and family, referring him/her to the appropriate outside resource when necessary.

- (f) Agree to be contacted and, if practical, respond at any hour.

The Member is not exempt from federal, state, local laws, or the rules and regulations of the Department. When necessary, contact the Peer Support Program Coordinator for assistance and guidance.

##### **1017.3.1 ROLE OF COORDINATOR**

The Peer Support Program Coordinator acts as the primary liaison between the Members, resource persons, and the department. The Program Coordinator serves as the link to ensure that the Peer Support Program is being managed in accordance with the goals and objectives established for the program.

Major duties of the Coordinator include:

- (a) Supervising the Program on a daily basis.
- (b) Recruiting and coordinating the screening of the applicants.
- (c) Coordinating training of Members.
- (d) Developing resources to assist individuals when problem areas are identified.

#### **1017.4 PEER SUPPORT SELECTION PROCESS**

All interested employees who choose to volunteer as a Member must submit their request through the chain of command to the Coordinator.

Any employee of the Covina Police Department may also submit the name of a peer through their chain of command to the Coordinator for consideration as a Member.

- (a) Prospective Members must meet the following criteria:
  1. Agree to maintain confidentiality within the guidelines provided in this policy.
  2. Be in good standing with the department.
  3. Complete the Peer Support Interest questionnaire.
- (b) Desirable qualities include:
  1. Be empathetic and possess interpersonal and communication skills.
  2. Be motivated and willing to manage time effectively. This will allow minimal impact on their normal duties.
  3. Effective listening and problem solving skills.

When there is a need for Members, the Coordinator will send out an informational memo seeking employees who are interested in becoming Members. Those employees will turn in a memo to their immediate supervisor and continue through the chain of command to the Captain level. After the memos have completed their route, then a list will be established. That list will then go out to all employees for a vote. When the votes are tallied, the Coordinator makes the final selection with input from the Members.

The Coordinator, via chain of command, will provide the Chief of Police with an updated list of Members on a bi-annual basis.

#### **1017.5 TRAINING PROGRAM**

The training program will consist of programs offered by the Counseling Team and outside sources and will be overseen by the Coordinator. The Basic Peer Support training is required by all new members. The mandatory eight hours of updated peer support training will be offered several times

#### 1017.5.3 CONFIDENTIALITY

It is imperative that each Member maintain strict confidentiality of all information learned about an individual within the guidelines of this program.

Communication between the Member and a person is considered confidential except for violations of law or violations of policy matters which involve the following:

- (a) Danger to self.

- (c) Suspected child abuse.
- (d) Narcotic offenses (sales or transportation).
- (e) Domestic violence.
- (f) Factual elderly abuse.
- (g) Where divulgence is requested by the peer.

Member assistance is not exempt from laws, rules, regulations, directive or orders; but any exchange of information not in violation of this statement will be confidential.

A general principle for Members to follow is to inform the person, prior to discussion, what the limitations and exceptions are regarding the information revealed. In those cases where a concern or a question regarding confidentiality arises, the Member must immediately contact the Coordinator or Counseling Team who will take appropriate action.

#### **1017.6 INTERNAL INVESTIGATIONS**

It may occur that a Member is assisting an individual who is or becomes the subject of a disciplinary investigation. The Member's role in disciplinary situations should be one of support and assisting individuals through the stress they may face during the disciplinary process. The Member should be guided by the confidentiality policy of the Peer Support Program. He should not volunteer any information received in confidence, however, the Member may not hamper or impede the actual investigation, nor may they attempt to shelter the individual from the department's investigation. Department supervisors shall respect the confidentiality of the prior peer support conversations. If a Member is ordered by a supervisor to divulge information obtained during a peer support session that divulgence shall be ordered by the Chief of Police.

If Members have any questions or concerns regarding these situations, they should consult with the Coordinator or Commander for guidelines and assistance.

#### **1017.7 PEER SUPPORT PROGRAM SKILLS AND TECHNIQUES**

The purpose of this section is to provide the Member with a summary of the guidelines to be followed when dealing with situations under field conditions. These guidelines are the basic tools for providing assistance. Used properly, they will help boost Member confidence and will reduce the risks of mismanaging emotional problems. For more detailed guidelines, the Member should refer to the material contained in the Peer Support Training Manual.

##### **1017.7.1 LISTENING**

Listening techniques are fundamental to the use of all other interviewing skills. The purpose of effective listening includes:

- (a) Encouraging self-expression.
- (b) Allowing individual opportunity to direct the interview.
- (c) Giving individuals a sense of responsibility for what happens.
- (d) Helping individuals relax and be comfortable in the interview.

- (e) Fostering trust of the Member and a sense of security.
- (f) Enabling the Member to draw more accurate inferences about the individual.

#### 1017.7.2 ASSESSMENT

The process of making a judgment about the information gathered during the interview. Two primary factors must be considered and they are:

- (a) Assess whether the problem is one with which you can assist the person or one that should be referred to professional resources.
- (b) Assess whether the problem needs urgent attention.

#### 1017.7.3 REFERRAL

The process of directing the peer to the appropriate professional service(s) available.

#### 1017.7.4 FOLLOW-UP

Once assessment and referrals have been made, the Member should monitor the individual's process, and provide follow-up assistance as needed.

## Meal Periods and Breaks

### 1018.1 PURPOSE AND SCOPE

To provide general guidelines for meal periods and breaks, but shall not over-ride any agreement within any employee's memorandum of understanding (MOU).

#### 1018.1.1 MEAL PERIODS

Sworn employees, jailers and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from Dispatch prior to taking a meal period. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.

The time spent for the meal period shall not exceed the authorized time allowed.

#### 1018.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of Dispatch.

## Lactation Break Policy

### 1019.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child (Labor Code § 1034).

### 1019.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing infant child (29 USC § 218d; Labor Code § 1030).

### 1019.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

### 1019.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 218d; Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

##### **1019.5 STORAGE OF EXPRESSED MILK**

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member ends her shift.

##### **1019.5.1 STATE REQUIREMENTS**

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

## Payroll Records

### **1020.1 PURPOSE AND SCOPE**

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

### **1020.2 POLICY**

The Covina Police Department maintains timely and accurate payroll records.

### **1020.3 RESPONSIBILITIES**

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their command.

### **1020.4 TIME REQUIREMENTS**

Members who are eligible for the payment of wages are paid bi-weekly, usually on Thursday with occasional exceptions such as holiday. Member's time-sheets shall be submitted to supervisors for review on the last work day of each member's two-week pay cycle. Supervisors shall review submitted time sheets for accuracy before approving them to be processed in Administration, by 0900 hours on Monday of each pay week.

### **1020.5 RECORDS**

The Captain shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

## Overtime Compensation Requests

### 1021.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

#### 1021.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 40 hours of compensatory time.

### 1021.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

#### 1021.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

#### 1021.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the employee's Division Commander for final approval.

##### 1021.2.3 DIVISION COMMANDERS RESPONSIBILITY

Division Commanders, after approving payment, will then forward the form to the Chief of Police for review.

##### **1021.3 ACCOUNTING FOR OVERTIME WORKED**

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

##### 1021.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 15 minutes	.25
16 to 30 minutes	.50
31 to 45 minutes	.75
46 to 60 minutes	1 hour

##### 1021.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

## Outside Employment

### 1022.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for department employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police in accordance with the provisions of this policy.

#### 1022.1.1 DEFINITIONS

**Outside Employment** - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

**Outside Overtime** - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

### 1022.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

#### 1022.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

#### **1022.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS**

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

#### **1022.3 PROHIBITED OUTSIDE EMPLOYMENT**

Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of department time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

# Temporary Modified-Duty Assignments

## 1029.1 PURPOSE AND SCOPE

This purpose of this policy is to establish guidelines for assigning modified work on a short-term basis to eligible employees who have medical restrictions that prevent them from performing some or all of the essential functions of their regular position. Modified-duty assignments are intended to permit an eligible employee to work and still make valuable contributions to the Department notwithstanding temporary work restrictions that are imposed by the employee's healthcare provider(s). This policy is not intended to abridge the rights or benefits of employees under federal or state law, City rules, or collective bargaining agreements. Nor is this policy intended to create any permanent modified-duty assignments.

### 1029.1.1 DEFINITIONS

**Eligible Employee** - Any full-time employee of the Department who is suffering from an injury, disability, or medical condition that a qualified healthcare provider has determined renders the employee unable to perform the full range of essential job duties associated with the employee's regular job classification.

**Modified-Duty Assignment** - A temporary assignment that does not require the performance of the full range of essential job duties associated with an eligible employee's regular job classification. Modified-duty may also be termed as "light-duty" assignments.

**Twelve-Month Period** - A rolling twelve (12) month period measured backwards from the date of a temporary modified duty assignment and continuous with each additional calendar day of modified duty.

## 1029.2 POLICY

Subject to the operational needs of the Department at any given time, the Department may temporarily assign an eligible employee to a modified-duty assignment. A modified-duty assignment shall be reevaluated no less than every 45 calendar days. A modified-duty assignment may be discontinued at the discretion of the Chief of Police, or his or her designee, at any time, for reasons including but not limited to, a lack of available work that meets the restrictions imposed by an eligible employee's healthcare provider, or a change in circumstances. To ensure that sufficient numbers of personnel are available for full duty in cases of emergency and that modified-duty assignments are available to all employees on an equitable basis, no employee may be assigned to one or more modified-duty assignments for more than a total of 90 workdays in a twelve (12) month period.

## 1029.3 GENERAL CONSIDERATIONS

The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Based on the nature of the injury, temporary modified-duty assignments are subject to continuous re-assessment, with

consideration given to operational needs and the employee's ability to perform in a modified duty assignment.

The Chief of Police, or an authorized designee, may prohibit or restrict employees working in temporary modified-duty assignments from wearing the Department uniform, displaying a badge, making arrests, taking suspects into custody, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or otherwise limit their peace officer powers.

The Department assumes no obligation to create, and does not have any permanent light-duty assignments to accommodate disabled employees or otherwise.

#### **1029.4 PROCEDURE**

An eligible employee may be assigned to a modified-duty assignment at the discretion of the Chief of Police, or his or her designee, if the employee has work restrictions that prevent him or her from performing the essential functions of his or her job, with or without reasonable accommodation, or if the employee requests to be assigned to modified-duty. An employee requesting a modified-duty assignment must provide their Division Captain a signed statement from the employee's healthcare provider describing the employee's work restrictions, limitations and expected duration. The statement must also indicate if the employee requires any workplace accommodations, mobility aids, or medical devices.

The Chief of Police will determine what modified-duty assignments may be available based on the needs of the Department, limitations of the employee and suitability of the employee to work a particular assignment. The Division Captain will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police, or his or her designee, shall decide whether to assign the employee to an available modified-duty assignment.

#### **1029.5 WORK SCHEDULES**

The schedules of employees assigned to modified-duty shall be set in accordance with the operational needs of the Department and determined by the Police Chief, or his or her designee. Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate Department operations and the employee's medical appointments, as mutually agreed upon with the Division Captain.

#### **1029.6 EMPLOYEE RESPONSIBILITIES**

An employee assigned to modified-duty assignment must immediately notify their immediate supervisor of any condition that may impact their ability to perform their duties in an effective and safe manner. The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

- (a) Communicating and coordinating any required doctor visits or medical and physical therapy appointments in advance with their supervisors.

- (d) Submitting a written status report to the Division Captain that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond sixty (60)workdays.

#### **1029.7 SUPERVISOR RESPONSIBILITIES**

The employee's immediate supervisor shall monitor and manage the work schedule of those employees assigned to temporary modified-duty.

The responsibilities of supervisors shall include, but not be limited to:

- (a) Periodically apprising the Division Captain of the status and performance of employees assigned to temporary modified-duty.
- (b) Notifying the Division Captain and ensuring that the required documentation facilitating a return to full duty is received from the employee.
- (c) Ensuring that employees returning to full duty have completed any required training and certification.

#### **1029.8 PROBATIONARY EMPLOYEES**

Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty, subject to the discretion of the Chief of Police, any limitations imposed upon such extensions by the Commission on Peace Officer Standards and Training, Penal Code section 832.4, and/or as otherwise provided by law.

#### **1029.9 MAINTENANCE OF CERTIFICATION AND TRAINING**

Employees assigned to temporary modified-duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified-duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

#### **1029.10 OUTSIDE EMPLOYMENT**

A Department employee who is engaged in secondary employment and is subsequently assigned to temporary modified-duty shall inform his or her immediate supervisor in writing of the secondary employment within no more than five (5) calendar days of the assignment to modified-duty. The immediate supervisor shall review the duties of the secondary employment along with any related orders from the employee's healthcare professional and shall make a recommendation to the Chief of Police, or his or her designee, whether such secondary employment is inconsistent or incompatible with the employee's modified-duty and should be discontinued. The Chief of Police, or an authorized designee, may prohibit an employee in temporary modified-duty assignment

from continuing to engage in secondary employment if it is inconsistent with the work restrictions imposed by the employee's healthcare provider and/or based on the factors enumerated in Government Code section 1 126, including but not limited to when the time demands of secondary employment would render performance of his or her duties as a local agency officer or employee less efficient, for example because the secondary employment would tend to prolong the period of time that the employee is subject to work restrictions that prevent the employee from performing their essential job duties.

Nothing in this policy shall relieve an employee of the obligation to obtain approval from the Chief of Police prior to commencing or/or continuing any secondary employment.

## Performance History Audits

### 1030.1 PURPOSE AND SCOPE

Performance History Audits are collections of data designed to assist supervisors evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for, and must be carefully balanced with the many variables in law enforcement such as:

- An officer's ability to detect crime.
- An officer's work ethic.
- An officer's work assignment and shift.
- Randomness of events.

### 1030.2 RESPONSIBILITIES

Under the authority of the Captain, supervisors are responsible for conducting performance audits of their personnel, and may route them to the Captain when necessary.

The Captain may make a determination if any follow-up will be assigned to supervisors in response to the findings of the audits.

### 1030.3 POLICY

The Covina Police Department collects data to assist supervisors with evaluating the performance of their employees, including identifying problematic conduct and providing for appropriate interventions. While it is understood that the statistical compilation of data may be helpful to supervisors, the Department recognizes that it cannot account for, and must carefully balance such data with, the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

# Employee Speech, Expression and Social Networking

## 1031.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

### 1031.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

## 1031.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Covina Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

To achieve its mission and efficiently provide service to the public, the Covina Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

Speech and expression that may negatively affect the safety of the Covina Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should

- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Covina Police Department.
- (f) Use or disclosure, through whatever means, of any information, photograph, video, or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

#### **1031.6 CONSIDERATIONS**

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

### 1033.2 POLICY

It is the policy of the Covina Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

### 1033.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and Dispatch.
  1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.

- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

#### **1033.4 NOTIFYING SURVIVORS**

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Watch Commander, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting child care or other immediate needs.

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

#### 1033.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

- Order the Restrained Person to immediately surrender to you all prohibited items.
- Issue a receipt to the Restrained Person for all prohibited items that have been surrendered.
- Complete a proof of personal service and file it with the court. You may use form GV-200 for this purpose.

  - Annually, conduct an assessment of the BBP Program to determine if the program is effective and how it can be improved.
  - Update the program upon regulatory changes or as necessary.

### **2. Supervisors and Managers**

- a. Supervisors and Managers are primarily responsible for enforcing the BBP procedures. Supervisors and managers will:
  - Verify affected employees wear appropriate PPE where exposure to BBP is possible.
  - Provide access to appropriate PPE and make it available to employees.
  - Verify that employees properly protect themselves when exposed to BBP.
  - Ensure that workers follow safe work practices that will reduce risk of transmission of BBP.

### **3. Employees**

- a. All employees will:
  - Understand BBP exposures and take the protective actions to protect themselves from BBP exposure.
  - Use appropriate PPE.
  - Actively participate in annual BBP training.
  - Notify their Supervisor if a BBP exposure occurs.

### **4. Vendors, Contractors and Consultants**

- a. Companies contracting services which involve exposure of their employees to bloodborne pathogens must have their own exposure control plan with job-specific guidelines for work at all City of Covina facilities. They must also provide their own BBP training in accordance with CCR Title 8 Section 5193. The contractor must provide a written exposure control plan and a copy of the Injury and Illness Prevention Program (IIPP) plan to the City of Covina Human Resources Director and/or Risk Manager or his/her designee prior to the start of work.
- b. Vendors, contractors and consultants are expected to respond appropriately to workplace emergencies and will:
  - Understand the emergency response procedures.
  - Follow all procedures during an emergency.
  - Notify their point of contact, a Supervisor, a Manager or the Human Resources Director/Risk Manager, or Designee if an emergency situation is observed.

## **V. Compliance**

1. The City of Covina uses a variety of tools to monitor and assess implementation. Non-compliance will result in notifications to employees and managers. Further consequences may include disciplinary action.
2. The Universal Precautions approach to infection control has been determined as an effective method to reduce BBP exposure. The Universal Precautions are to be employed.
  - a. Assume that all blood, blood products, and body fluids may be infectious.
  - b. All workers must utilize good work practices and engineering controls, as well as protective equipment, to minimize or eliminate exposure to bloodborne pathogens.
  - c. Following the Universal Precautions and good work practice requires that all procedures in the subsequent section of this document will be adhered to.

## **VI. Procedure**

The BBP program consists of these required components:

- Determination of at-risk employees and job tasks.
- Use of engineering and administrative controls where possible including sharps containers, safe needles, hands-free systems, etc. to prevent or reduce exposure.

- Training at-risk employees before beginning job duties with reasonably anticipated exposure and annually thereafter.
- Offering the Hepatitis B vaccine to all at-risk employees.
- Selecting and using appropriate PPE.
- Maintaining Attachment C – BBP Sharps Log Template along with the OSHA 300 Log (CCR Title 8 Section 14300.29) for any employee who sustains a sharps injury (e.g., needle stick, broken glass). Please note that the Sharps Log is a confidential document that will contain Health Insurance Portability and Accountability Act of 1996 (HIPAA) protected data.
- Maintaining the BBP program through periodically reviewing, updating, and evaluating the effectiveness of the BBP program.

**1. Determination of Exposed Employees and At-Risk Job Tasks.**

The Human Resources Department will conduct a review of the facility's job tasks to identify all potential and likely activities that may expose an employee to BBPs. The review will include records of previous exposures, job descriptions, injury and illness logs, accident reports, workers' compensation claims, and the OSHA 300 Logs. These documents will be used to identify any history of needle sticks, lacerations or punctures with instruments potentially contaminated with blood or body fluids or splashes of OPIMs to unprotected mucus membranes (e.g., eyes, nose, or mouth) or non-intact skin, all of which could be a mode of transmission for BBPs.

a. Identification of Possible Sources

Any instrument or material that has come into contact with potentially infectious materials could transmit BBPs. These include, but are not limited to:

- Contaminated needles, scalpels, wires or tubes
- Sheets or clothing that is contaminated with blood or body fluids
- Broken glass or other sharp material on which another person has been cut
- Pools of blood or OPIMs
- Injured employees or visitors

b. Identify At-Risk Employees

- The Attachment A: Job Classifications, Risk Assessment, and Tasks

c. Offer Hepatitis B Vaccine (HBV)

For all employees whose job tasks put them at risk of exposure to potentially contaminated blood or body fluids, the Hepatitis B Vaccine (HBV) is offered upon hire or at the time of a job transfer which places the employee at risk. If a routine booster dose for HBV is recommended by the U.S. Public Health Services at a future date, such booster will be made available to at-risk employees.

Employees that decline the HBV must sign the Attachment B – Hepatitis B Vaccination Declaration Form. This signed statement is kept in the employee's permanent file. The employee has the right to change his/her mind at any time and request the vaccination. Per CCR Title 8 Section 5193(f), the vaccine is provided to the employee at no cost and is available to the employee at a reasonable time (i.e., during work hours) and local clinic or other healthcare provider.

## **2. Work Practices Procedures**

### **a. Handwashing**

- All personnel must wash their hands with non-abrasive hand soap before and after handling blood, blood products, or other potentially infectious material, and immediately upon any contact with these materials. When handwashing is not feasible, personnel must use an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. When antiseptic hand cleansers or towelettes are used, hands shall be washed with soap and running water as soon as feasible
- All personnel must wash their hands immediately or as soon as feasible after removal of gloves or other personal protective equipment.
- All personnel must wash their hands and any other skin with soap and water, or flush mucous membranes with water immediately or as soon as feasible following contact of such body areas with blood or OPIM.

## **3. Regulated Medical Waste Disposal**

- a. Medical waste must be placed in containers which are constructed to contain all contents and prevent leakage of fluids during handling, storage, transport and shipping.
- b. All containers must be labeled with the contents and a biohazard symbol.
- c. Prior to removal from the area of use, waste containers must be closed to prevent spillage or protrusion.
- d. If a secondary container is used to prevent spillage, it must also be closeable, labeled and closed prior to removal.
- e. Containers used for the containment and/or transport of medical waste must be leak resistant, have tight fitting covers, and kept clean and in good repair. The container must be labeled with the words "Biohazard Waste", or with the international biohazard symbol and the word "Biohazard" on the lid and sides so as to be visible from all sides.
- f. All liquid waste (cultures, stocks, and other regulated liquid waste) shall be decontaminated by a ten percent (10%) solution of household bleach (final concentration) for fifteen to thirty (15 to 30) minute minimum contact time prior to disposal down the sink with copious amounts of running water. If an EPA-approved disinfectant other than bleach is used, Human Resources will be contacted to request a waste pickup.

## **4. Procedures for Responding to Medical Emergency.**

### **a. Personal Protective Equipment**

Employees deemed to be at risk of exposure to BBP are required to wear personal protective equipment (PPE) whenever there is the potential for exposure. PPE includes, but is not limited to:

- Non-latex gloves – used when handling any potentially infectious materials.
- Safety Glasses – used when handling any potentially infectious materials.
- Face mask/face shield, if there is risk of splash.
- Gown, if there is risk of splash.

b. Blood and OPIM Clean-up Procedures

- Employees must follow the instructions provided with the Bloodborne Pathogen Cleanup kit or the instructions provided with the chemical used to clean and disinfect the affected area. In general the cleanup and decontamination procedure will include the following elements:
  - The City of Covina supervisor, manager, or other City of Covina personnel must report any accidents (major spills, injuries, illnesses) to the Human Resources Department within eight working hours.
  - All spills must be cleaned up immediately and disinfected with an appropriate disinfectant, such as a 1:10 solution of bleach and water. Tools and materials used for cleaning spills must be decontaminated by appropriate decontamination procedures, as determined by the supervisor or designee.
  - Isolate the area of cleanup with signage or other warnings/barriers to prevent accidental exposure to untrained employees.
  - Obtain the Bloodborne Pathogens Cleanup kit or cleaning mixture of one part bleach to ten parts water in a designated BBP cleanup container/method.
- Examples of containers may be:
  - Mop buckets and mop heads designated for BBP cleanup only

- Don (put on) PPE.
- Place all sharp objects in puncture resistant container. Broken glassware which may potentially be contaminated shall be picked up using tongs, forceps, broom and dust pan, or other such device. At no time will employees pick up potentially contaminated broken glass with their bare hands. Protective clothing shall be worn during the cleanup, such as goggles, a face mask, and gloves.
  - Red Bio-Hazard Sharps Containers
  - Plastic buckets or high-density polyethylene pails with closeable lids that are labeled with the bio-hazard warning label and the word “Sharps”.
- Use broom dust pan to clean up glass and dispose of in puncture-resistant container. Hands must not be used to pick up broken glass.
- All containers must have the bio-hazard label (red or orange with bio-hazard symbol in contrasting color), such as the following:

- Use the kit or the designated BBP cleanup method to clean and disinfect the area affected by BBP or OPIM. All soiled rags, paper towels, BBP kit contents or mop heads must be disposed of in a bio-hazard/red bag.
- Remove PPE and place disposable PPE in the bio-hazard/red bag.
- Reusable PPE must be cleaned with a one part bleach to ten parts water solution or antiseptic wipes following each use for a BBP cleanup.
- Dispose in bio-hazard bag and follow local requirements for disposal of red bags.
- Hazardous materials response procedures are outlined in Covina Police Department Policy Manual – Policy #412 – Hazardous Materials Response. This policy is in compliance with Title 8, California Code of Regulations, Section 5194.
- Wash hands in warm water and soap for fifteen to twenty (15 to 20) seconds after removal of the gloves and disposed.

## 5. Personal Protective Equipment

### a. Protective Eyewear

Protective eyewear, including safety glasses or goggles, is required during City of Covina operations that have the potential for generating splashes or aerosol droplets. Face shields may be substituted when appropriate.

### b. Gowns

Liquid-impervious gowns, smocks, or uniforms must be worn while handling BBP or OPIM. Long pants and closed-toed shoes are required at all times when in handling BBP or OPIM. Before leaving an area where BBP or OPIM was present and going to another area, such as a cafeteria, library, or administrative offices, the protective clothing must be removed and placed in biohazard containers.

### c. Gloves

- Gloves must be worn by all personnel engaged in activities that may involve skin contact with potentially infectious fluids or tissues.
- Disposable (single use) gloves such as surgical or examination gloves shall be replaced as soon as practical when contaminated or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised.
- Disposable (single use) gloves shall not be washed or decontaminated for re-use.
- Utility gloves may be decontaminated for re-use if the integrity of the glove is not compromised. However, they must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- Gloves are required for workers exposed to BBP/OPIM and who have dermatitis or other cuts, scratches, or other breaks in the skin on the hands who may have direct or indirect contact with potentially infectious materials.
  - Handwashing with non-abrasive hand soap and water must be a routine practice immediately after direct contact with potentially infectious materials and on completion of work, even when gloves are worn.
  - Gloves should be removed before touching common equipment (phone, computer, fax machines) to prevent contamination.
  - Glove selection shall be appropriate for the materials handled.
- d. Respiratory Protection
- Where respiratory protection is used, the provisions of CCR Title 8 Section 5144 and 5147 are required as applicable.
- e. Head Covers
- Head covers may be required as a condition of entry to areas involving potential exposure to blood or bodily fluids, including emergency medical response. Signage will indicate the areas requiring head covers.
- f. Shoes
- Full-cover shoes (closed toed and back) are required as a condition of entry to areas involving potential exposure to blood or bodily fluids, including emergency medical response. Shoe covers may be worn

## **6. Post-Exposure Follow-Up**

The exposure incident must be reported to the supervisor, manager, Human Resources Department, or designee as soon as possible but no later than the end of the work day on which the exposure occurred. The Human Resources Department, or designee must be notified immediately by the employee or department. A confidential medical evaluation and follow-up will be made available to the employee at a reasonable time and place and at no cost to the employee.

In case of life threatening conditions, call 911. To seek medical attention for non-life threatening incidents, go to the following treatment center:

- Irwindale Industrial Clinic, 6000 N Irwindale Avenue, Irwindale 91706  
(626) 969-9800
- The following information shall be reviewed by the attending physician or health care professional:
  - A copy of the standard (CCR Title 8, 5193), as necessary.
  - Description of affected employee's job duties and history regarding the occupational exposure (completed Exposure Incident Report).
  - Documentation of the route of exposure and circumstances under which exposure occurred.
  - Results of the source individual's blood testing, if available and the employee shall be informed of applicable laws and regulations concerning disclosure of the identity and infectious status of the source individual
  - All medical records relevant to the appropriate treatment of the employee, including vaccination status.

a. Healthcare Professional Written Opinion

- The attending physician shall provide the City of Covina with the following information in writing within fifteen (15) days from completion of the evaluation:
  - An opinion whether or not a vaccination for Hepatitis B is indicated and the series has been initiated.
  - Confirmation that the employee has been informed of the results of the evaluation.
  - Confirmation that the employee has been told about any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.
  - All other diagnoses and medical information are confidential.
- b. Employee Tasks for Post-Exposure Follow-up  
Any employee who was exposed to human blood or other potentially infectious material (OPIM) will take the following steps:
  - Cleanse the exposed skin area with soap and warm to hot water for 15 minutes.
  - Rinse mucous membranes or eyes with warm water for 15 minutes.
  - Report the incident immediately to the supervisor.
  - Supervisor will complete an incident report within 24 hours

A full HBV vaccination series and/or immunoglobulin will be made available within 24 hours to those first aid providers that have not received the pre-exposure series.

Documentation will be made of the routes of exposure and the circumstances under which the exposure incident occurred.

Identification of the source individual must be made, if possible. The source individual's blood must be tested if consent can be obtained. Source testing is not needed if it is already known the individual is infected with HBV or HIV. Results of the test must be made available to the exposed employee.

The exposed employee's blood shall be collected as soon as feasible and tested after consent is obtained. The employee may elect, during that time, for testing to be done. Additional testing and collection will be made available as recommended by the U.S. Public Health Service. The employee will be referred to the company's designated occupational health services provider for evaluation following a BBP exposure incident. The physician or other authorized healthcare provider will determine additional follow-up procedures needed.

The recordkeeping requirement for recording a sharps incident is to record the exposed employee who had an incident involving a sharps stick on the OSHA 300 Log as a "privacy case" and included with the name on the Sharps Log within 14 days of the report of the exposure incident (Attachment C – BBP Sharps Log Template). The Sharps Log must be kept separate from the OSHA 300 Log and in a confidential file.

## **7. Inspect and Review**

The work areas must be periodically inspected and the BBP Program / Exposure Control Plan reviewed.

- a. The Supervisor inspects the work area as part of his/her regular walk-around management and initiates corrective actions when non-conformities are identified. Employees that are designated to use the BBP equipment and kits should inspect the kits at least monthly to verify that all contents are available and expired equipment is replaced.
- b. Supervisors will solicit input from employees who are potentially exposed to injuries from contaminated sharps in the identification, evaluation and selection of effective engineering and work practice controls and shall document the solicitation in this plan.

## **8. Training**

The objectives of the BBP Training are to educate the employees about the potential risks involved when working around human blood, other potentially infectious materials and body fluids that could potentially expose them to disease and to describe the best practices, administrative controls and PPE that is used to decrease the risk of transmission. Training must be completed upon initial assignment and every twelve (12) months (annually) thereafter. Additional training will be provided when any changes affect the employee's occupational exposure; this additional training may be limited to addressing the new exposures created.

General awareness BBP training is provided to all employees. Personnel with specific job duties that include BBP exposures and any emergency response personnel receive specific BBP training that includes protective measures for the tasks that they will perform.

- a. The training includes, but is not limited to, the following subjects:
  - An accessible copy of the text and an explanation of CCR Title 8 5193 will be provided.
  - Explanation of the source, cause, symptoms and modes of transmission of bloodborne pathogens that the employee may be exposed to.
  - An explanation of the use and limitations of methods and best practices that will prevent or reduce exposure, including engineering and administrative controls.
  - Information on the hepatitis B vaccine, including information on its effectiveness, safety, method of administration, the benefits of being vaccinated and that the vaccine will be offered free of charge.
  - How to properly don, doff, adjust, and wear appropriate PPE.
  - The limitations of the PPE and the reasoning for the selection of the PPE chosen
  - The proper use and disposal of PPE.
  - Proper cleanup of blood or OPIM (if required by job duty).
  - Information on the appropriate actions to take and persons to contact in an emergency involving blood or OPIM.

- An explanation of the procedure to follow if an exposure incident occurs including the method of reporting the incident, the medical follow-up that will be made available.
  - Information on the post-exposure evaluation and follow-up that the employer is required to provide for the employee following the exposure incident.
  - An explanation of the signs and labels and/or color coding.
  - An opportunity for interactive questions and answers.
  - After the training, the employees will demonstrate that they understand the BBP program or they will be given follow-up training.
- c. Employees are encouraged to contact their Supervisor, Manager, or the Human Resources Department, or designee if they have questions concerning exposure during any job task or to obtain a copy of the BBP program.

## **9. Recordkeeping**

Medical, training, and sharps injury reporting records will be made available as required by CCR Title 8 Section 5193. In addition, City of Covina shall comply with the requirements for transfer of records in accordance with CCR Title 8 Section 3204.

- a. All records are maintained in accordance with City of Covina record retention policy.
- b. All medical records shall be confidential and will not be disclosed to any person except where regulation requires. Each record will be maintained for a period of at least the duration of employment plus 30 years and will include the following information:

  - Training Records shall be prepared and maintained by the Human Resources Department. Training records shall be maintained for a period of three (3) years. These records shall include the following information:
    - The dates of the training session.
    - The contents, outline and summary of training information.
    - The names and qualifications of the person or persons conducting the training.

- The names and job titles of all attendees.

## **10. Annual Review.**

Management reviews the BBP program annually and whenever necessary as follows:

- To reflect new or modified tasks and procedures which affect occupational exposure
- To reflect changes in technology that eliminate or reduce exposure to bloodborne pathogens and to document consideration and implementation of appropriate commercially available needleless systems, needle devices and sharps with engineered sharps injury protection.
- To include new or revised employee positions with occupational exposure
- To review and evaluate exposure incidents which occurred since the previous update.
- To review and respond to information that the plan is deficient in any area.

This Review will ensure that the program reflects current company policies and practices, complements management responsibilities, and incorporates any process or facilities changes that have occurred. ## FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor's Report, titled "Hate Crimes in California," found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven "top-down" process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency's jurisdiction.

# POLICY GUIDELINES

## GUIDELINE #1

*Develop the foundation for the agency's hate crimes policy.*

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency's hate crimes policy. Employees' ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

## GUIDELINE #2

*Develop a hate crimes policy for the agency.*

- I. An agency's hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
  - A. Response
  - B. Training
  - C. Planning and Prevention
  - D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar "Message from the Agency Chief Executive".

## GUIDELINE #3

*Develop expertise to identify and investigate hate crimes.*

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal

reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

## GUIDELINE #4

*Develop and implement cooperative hate crimes plans with other law enforcement agencies.*

- I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.
- II. Develop and/or participate in law enforcement intelligence networks to enhance the agency's ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

## GUIDELINE #5

*Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.*

- I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
  - Develop a network to build rapport with community groups

- 
- Develop a protocol for response to hate crimes
  - Obtain witness and victim cooperation
  - Provide support services to victims
  - Collect demographic information about specific communities
  - Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
  - Identify periods of increased vulnerability based on significant dates and events for affected communities
- II. Law enforcement should identify and seek out cultural diversity training and information from/about specific communities within its jurisdiction (immigrant, Muslim, Arab, LGBTQ, Black or African American, Jewish, Sikh, disability, etc.) to strengthen agency awareness.

## **GUIDELINE #6**

### ***Conduct an annual assessment of the agency's hate crimes policy and its ongoing implementation.***

The assessment should include:

- I. A review to ensure compliance with the POST Hate Crimes Model Policy and California law.
- II. A review and analysis of the agency's data collection, policy, and annual mandated reporting of hate crimes.
- III. A review and updating of the agency's hate crimes brochure to ensure compliance with CPC 422.92.
- IV. A review of any existing or available data or reports, including the annual California Attorney General's report on hate crimes, in preparation for, and response to, future hate crime trends.

- V. Annual outreach to the community including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools, and colleges assessing the agency's responsiveness to hate crimes.

---

# MINIMUM LEGAL REQUIREMENTS FOR AN AGENCY'S HATE CRIMES POLICY

## **CPC 13519.6, effective January 1, 2005, minimally requires:**

1. A message from the law enforcement agency's chief executive officer to the agency's officers and staff concerning the importance of hate crime laws and the agency's commitment to enforcement.
2. The definition of "hate crime" in Penal Code section 422.55.
3. References to hate crime statutes including Penal Code section 422.6.
4. A title-by-title specific protocol that agency personnel are required to follow, including, but not limited to, the following:
  - a. Preventing and preparing for likely hate crimes by, among other things, establishing contact with persons and communities who are likely targets, and forming and cooperating with community hate crime prevention and response networks.
  - b. Responding to reports of hate crimes, including reports of hate crimes committed under the color of authority.
  - c. Accessing assistance, by, among other things, activating the Department of Justice hate crimes rapid response protocol when necessary.
  - d. Providing victim assistance and follow-up, including community follow-up.
  - e. Reporting

## **CPC 422.87, effective January 1, 2019, states and minimally requires:**

Each local law enforcement agency may adopt a hate crimes policy. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new one shall include, but not limited to, the following:

1. The definitions in Penal Code sections 422.55 and 422.56.
2. The content of the model policy framework that the Commission on Peace Officer Standards and Training developed pursuant to Section 13519.6 (above) and any content that the commission may revise or add in the future, including any policy, definitions, response and reporting responsibilities, training resources, and planning and prevention methods.
3. Information regarding bias motivation
  - a. For the purposes of this paragraph, "bias motivation" is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.
    - i. In recognizing suspected disability-bias hate crimes, the policy shall advise officers to consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse

---

fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

- ii. In recognizing suspected disability-bias hate crimes, the policy also shall advise officers to consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.
- b. Information regarding the general underreporting of hate crimes and the more extreme underreporting of anti-disability and anti-gender hate crimes *and a plan for the agency to remedy this underreporting* (emphasis added).
- c. A protocol for reporting suspected hate crimes to the Department of Justice pursuant to Penal Code section 13023.
- d. A checklist of first responder responsibilities, including, but not limited to, being sensitive to effects of the crime on the victim, determining whether any additional resources are needed on the scene to assist the victim or whether to refer the victim to appropriate community and legal services, and giving the victims and any interested persons the agency’s hate crimes brochure, as required by Section 422.92.
- e. A specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.
- f. The title or titles of the officer or officers responsible for assuring that the department has a hate crime brochure as required by Section 422.92 and ensuring that all officers are trained to distribute the brochure to all suspected hate crime victims and all other interested persons.
- g. A requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.
- h. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new hate crimes policy may include any of the provisions of a model hate crime policy and other relevant documents developed by the International Association of Chiefs of Police that are relevant to California and consistent with this chapter.

# MODEL POLICY FRAMEWORK

## Purpose

This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

## Policy

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

## Response, Victim Assistance and Follow-up

### *Initial response*

First responding officers should know the role of all department personnel as they relate to the agency's investigation of hate crimes and/or incidents. Responding officers should evaluate the need for additional assistance, and working with supervision and/or investigations, access needed assistance if applicable. Responding officers should ensure the crime scene is properly protected, preserved and processed.

At the scene of a suspected hate or bias crimes, officers should take preliminary actions deemed necessary, to include, but not limited to, the following:

1. Use agency checklist (per CPC 422.87) to assist in the investigation of any hate crime (see appendix, page 21, for exemplar checklist based on the Los Angeles Police Department Hate Crimes Supplemental Report with the agency's permission).

- 
2. Stabilize the victim(s) and request medical attention when necessary.
  3. Ensure the safety of victims, witnesses, and perpetrators.
    - a. Issue a Temporary Restraining Order (if applicable).
  4. Notify other appropriate personnel in the chain of command, depending on the nature and seriousness of the offense and its potential inflammatory and related impact on the community.
  5. Ensure that the crime scene is properly protected, preserved, and processed and that all physical evidence of the incident is removed as soon as possible after the offense is documented. If evidence of an inflammatory nature cannot be physically removed, the property owner should be contacted to ensure that it is removed or covered up as soon as possible. Agency personnel should follow-up to ensure that this is accomplished in a timely manner.
  6. Collect and photograph physical evidence or indicators of hate crimes such as:
    - a. Hate literature.
    - b. Spray paint cans.
    - c. Threatening letters.
    - d. Symbols used by hate groups.
  7. Identify criminal evidence on the victim.
  8. Request the assistance of translators or interpreters when needed to establish effective communication with witnesses, victims, or others as appropriate.
  9. Conduct a preliminary investigation and record pertinent information including, but not limited to:
    - a. Identity of suspected perpetrator(s).
    - b. Identity of witnesses, including those no longer at the scene.
    - c. The offer of victim confidentiality per Government Code (GC) 5264.
    - d. Prior occurrences, in this area or with this victim.
    - e. Statements made by suspects; exact wording is critical.
    - f. The victim's protected characteristics and determine if bias was a motivation "in whole or in part"<sup>1</sup> in the commission of the crime.
      1. "Bias motivation" is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.
        - (a) In recognizing suspected disability-bias hate crimes, the policy shall advise officers to consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons

who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

(b) In recognizing suspected disability-bias hate crimes, the policy also shall advise officers to consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

## Training

All staff, including dispatch, desk personnel, volunteers, records, support staff, officers, supervisors, and managers shall be properly trained on the department's hate crimes policy. The agency will follow all legislatively mandated training requirements.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims' considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at [www.post.ca.gov](http://www.post.ca.gov). In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

## Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency's plan to remedy this underreporting *shall be inserted into the policy* (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency's concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.
2. Provide direct and referral assistance to the victim and his/her family.
3. Conduct public meetings on hate crime threats and violence in general.
4. Establish relationships with formal community-based organizations and leaders.
5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.

- 
6. Review the Attorney General's latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities.<sup>2</sup>
  7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim's family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

### ***Release of Information***

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

---

<sup>2</sup>As described in CPC 13519.6(b)(8)

- 
1. Informing community organizations in a timely manner when a community group has been the target of a hate crime.
  2. Informing the community of the impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.
  3. Informing the community regarding hate crime law and the legal rights of, and the remedies available to, victims of hate crimes.
  4. Providing the community with on-going information regarding hate crime and/or hate incidents (if policy requires it).

## Reporting

The agency policy shall require development of a procedure for data collection, documentation, and mandated reporting requirements. The agency shall:

1. Ensure that hate crimes are properly investigated, documented and reported.
2. During documentation, ensure hate crimes are flagged properly to allow for required reporting to the California Department of Justice. This is typically indicated by the title/penal code section identifying the report as a hate crime. Some agencies have added a check box specifically indicating a hate crime that could, if required by the agency policy, require a secondary review by an investigator/detective, supervisor or other identified party. It is the agency executive's responsibility to determine the form of documentation and type of indicators on crime reports.
3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.
4. Agencies shall develop procedures to comply with legally mandated reporting, including the California Department of Justice, pursuant to CPC 13023.

# APPENDIX

## Definitions and Laws

In accordance with CPC sections 422.55, 422.56, 422.6, and 422.87, for purposes of all other state law unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

### *Hate crime*

“Hate crime” means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (1) Disability.
- (2) Gender.
- (3) Nationality.
- (4) Race or ethnicity.
- (5) Religion.
- (6) Sexual orientation.
- (7) Association with a person or group with one or more of these actual or perceived characteristics.

(b) “Hate crime” includes, but is not limited to, a violation of Section 422.6.

“Association with a person or group with these actual or perceived characteristics” Includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of “hate crime” under paragraphs 1 to 6, inclusive, of CPC 422.55 subdivision (a).

**Note:** A “hate crime” need not be motivated by hate but may be motivated by any bias against a protected characteristic.

### *Hate Speech*

The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

### *Hate incident*

## ***Disability Bias***

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

## ***Disability***

Disability includes mental disability and physical disability as defined in GC 12926, regardless of whether those disabilities are temporary, permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

## ***In Whole or In Part***

"In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that crime would not have been committed but for the actual or perceived characteristic.

## ***Nationality***

Nationality includes citizenship, country of origin, and national origin.

---
